2. Districts participating in a cooperative school shall equally share financial and legal responsibility for the school, courses, and employees assigned to such schools and courses, unless otherwise determined in the agreement. Participating districts shall contribute funds, facilities, staff, or other resources to operate the cooperative school as determined in the agreement.

3. A cooperative school shall be governed by a committee, with one appointed representative from each participating school district. The committee shall have the legal authority to create and oversee a budget, enter into contracts, employ staff, and pay bills associated with the cooperative school. The financial resources devoted to the cooperative school by the participating districts shall be kept in a separate account, shall be solely devoted to the cooperative school, and shall carry over from year to year to the benefit of the cooperative school.

4. If an agreement under this section expires and no new agreement is reached, a cooperative school may be dissolved by a unanimous vote of the representatives on the committee governing the cooperative school or by a vote of the boards of education of all the participating school districts. If dissolved, all resources, debt, or legal liability incurred shall be divided in accordance with the agreement.

5. Eligible students from participating districts shall have an equal opportunity to attend the cooperative school, as determined by the agreement. The teaching or administrative contracts shall be with the committee governing the cooperative school rather than with the participating school districts. Teachers teaching at a cooperative school may earn tenure in the cooperative school in accordance with sections 168.102 to 168.130 but shall not earn tenure with any participating district based on employment in the cooperative school.

7. Teachers who were employed by a participating school district immediately before their employment with the cooperative school shall not lose years toward tenure in the participating district or lose tenure previously earned in the participating school district. However, the teacher shall not continue to earn years toward tenure in the participating district during his or her employment with the cooperative school.

8. If the committee governing the cooperative school determines that the school needs to reduce or rearrange staff due to a decrease in student enrollment, reorganization of the program, or financial conditions, teaching staff shall be placed on leaves of absence from the cooperative school in accordance with section 168.124. If a teacher is placed on leave of absence from the cooperative school but has previously earned tenure in a participating district immediately before his or her employment in the cooperative school, the participating district may reemploy the tenured teacher, and the teacher

**shall be considered tenured upon reemployment. If a teacher is placed on leave of absence from the cooperative school but was a probationary teacher in a participating district immediately before his or her employment with the cooperative school, and the participating district reemploys the teacher, the teacher shall not have lost years toward tenure previously earned with the participating district.**

160.545. 1. There is hereby established [within the department of elementary and secondary education] the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) [Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4)] Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

[(5)] (4) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that

applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision [(5)] (4) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection [10] 11 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a high school in the state for at least [three] **two** years [immediately prior to graduation] that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are [dependants] **dependents** of retired military who relocate

to Missouri within one year of the date of the parent's retirement from active duty, who[, in the school year immediately preceding graduation,] meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the [three-year] **two-year** attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school **or through the semester immediately before taking the course for which he or she seeks reimbursement** as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

Eligible students who qualify for reimbursement under this subsection shall also receive reimbursement for the costs associated with an advanced placement course or test.**

**10.** The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[10.] **11.** For a two-year private vocational or technical school to obtain reimbursements under subsection 8 of this section, the following requirements shall be satisfied:

2. Charter schools shall receive state school funding under section 160.415 for students enrolled in the charter school who are completing a virtual course or full-time virtual program offered by the charter school. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven **and one-half** percent of hours of attendance possible for such course delivered in the nonvirtual program in a student's school district of residence or charter school.

4. When courses are purchased from an outside vendor, the district or charter school shall ensure that they are aligned with the ~~[show-me curriculum]~~ **state learning** standards and comply with state requirements for teacher certification. (12) The virtual course or virtual program arranges media and content to help transfer knowledge most effectively in the online environment.

6. Any special school district shall count any student's completion of a virtual course or program in the same manner as the district counts completion of any other course or program for credit.

7. A school district or charter school may contract with multiple providers of virtual courses or virtual programs, provided they meet the criteria for virtual courses or virtual programs under this section.

**162.1251. 1. Any individual, organization, company, or charter school that offers a virtual course in Missouri, other than a school district, may request certification of the course by the department of elementary and secondary education. **2. The department of elementary and secondary education may charge a fee to all virtual course providers to pay for the costs of certification and recertification of virtual courses. The department may at any time request information and materials or interview staff or students to evaluate or reevaluate the virtual course or to verify continuing compliance with the requirements established by the department. The department shall investigate any complaint made against a virtual course provider. The department may revoke certification of a course or refuse to recertify a course if the course does not meet the requirements of this section or other relevant laws, the course provider does not comply with requests for information, or the department has articulable concerns regarding the quality of the course or the instruction provided in the course.**

3. Each virtual course provider offering a course certified under this section shall annually report to the department of elementary and secondary education and post on the provider's website a report card detailing the number of students who have enrolled in the course and the number of students who have completed the course with a passing grade. If there is a statewide assessment or end-of-course assessment related to the course, the report card shall include the aggregate assessment scores of the students who took the assessment.

4. A virtual course provider offering a course certified under this section shall immediately transfer records upon the request of the parent, the student, or the school district or charter school that has paid for part or all of the virtual course for which the records are requested, regardless of whether additional tuition or fees are owed for the course. School districts and charter schools are required to accept transferred credit from any virtual course certified by the department of elementary and secondary education upon receipt of adequate records verifying completion of the course by the student.

5. The department of elementary and secondary education may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

162.1252. 1. (1) If a school district or charter school does not offer a particular course a student wishes to take or a course substantially similar to the course a student wishes to take in the school the student attends and the school the student attends gives instruction in a grade or grades not lower than the sixth nor higher than the twelfth grade, the student or his or her parent may submit a written request to the superintendent or his or her designee or the principal of the charter school for the district or charter school to provide the course to the student virtually or otherwise. The written request shall explain why the district or charter school should provide the course to the student. The superintendent or his or her designee or the principal of the charter school shall notify the student or parent of his or her decision with respect to the request within forty-five days of receipt.

(2) If the superintendent or his or her designee or the principal of the charter school declines to offer the course virtually or otherwise, the parent or student may submit a written request to the school board or the governing board of the charter school to provide the course to the student. 2. To qualify for payment of a virtual course by the district or charter school, the student shall be currently enrolled in the school district or charter school and shall have been enrolled in and regularly attending the school district or charter school for at least one school year. If the student is receiving special educational services, as defined in section 162.675, the student's individualized

education program team shall approve the course as appropriate for the student. The district or charter school is not required to pay the tuition for a student to take a virtual course if the student has dropped out of or failed to complete a virtual course within the past three years.

3. No school district or charter school shall pay, for any one course for a student, more than fourteen percent of the state adequacy target, as defined in section 163.011. The virtual course provider shall bill the school district or charter school on a monthly basis. If a student discontinues enrollment in the district or charter school, drops out of the course, or fails to adequately participate in the course, the district or charter school may stop making monthly payments to the virtual course provider.

4. If a school district or charter school pays for a virtual course as required in this section, the district or charter school may collect state aid for the course. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a virtual course shall equal, upon course completion, ninety-five percent of the hours of attendance possible for a similar course delivered in the nonvirtual program in the student's resident district or charter school. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven and one-half percent of hours of attendance possible for such course delivered in the nonvirtual program in the student's school district of residence or charter school.

5. The virtual course provider shall provide the school district or charter school all student records and progress reports regarding the performance and attendance of the district or charter school students taking the course.

6. Nothing in this section shall require any school district, any charter school, or the state to provide computers, equipment, or internet access to any student.

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting immediately after said line the following:

"167.231. 1. Within all school districts except metropolitan districts the board of education shall provide transportation to and from school for all pupils living more than three and one-half miles from school and may provide transportation for all pupils. State aid for transportation shall be paid as provided in section 163.161 only on the basis of the cost of pupil transportation for those pupils living one mile or more from school, including transportation provided to and from publicly operated university laboratory schools. The board of education may provide transportation for pupils living less than one mile from school at the expense of the district and may prescribe reasonable rules and regulations as to eligibility of pupils for transportation, and, notwithstanding any other provision of law, no such district shall be subject to an administrative penalty when the district demonstrates pursuant to rule established by the state board of education that such students are required to cross a state highway or county arterial in the absence of sidewalks, traffic signals, or a crossing guard and that no existing bus stop location has been changed to permit a district to evade such penalty. If no increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from the school, the board may transport said pupils. If an increase in the tax levy of the school district is required to provide transportation for pupils

living less than one mile from school, the board shall submit the question at a public election. If a two-thirds majority of the voters voting on the question at the election are in favor of providing the transportation, the board shall arrange and provide therefor.

2. The proposal and the ballots may be in substantially the following form:

Shall the board of education of the school district provide transportation at the expense of the district for pupils living less than one mile from school and be authorized to levy an additional tax of cents on the one hundred dollars assessed valuation to provide funds to pay for such transportation service?

☐ YES

☐ NO

(If you are in favor of the proposition (or question), place an X in the box opposite "YES". If you are opposed to the proposition (or question), place an X in the box opposite "NO".)

3. The board of education of any school district may provide transportation to and from school for any public school pupil not otherwise eligible for transportation under the provisions of state law, and may prescribe reasonable rules and regulations as to eligibility for transportation, if the parents or guardian of the pupil agree in writing to pay the actual cost of transporting the pupil. The minimum charge would be the actual cost of transporting the pupil for ninety school days, which actual cost is to be determined by the average per-pupil cost of transporting children in the school district during the preceding school year. The full actual cost shall be paid by the parent or guardian of the pupil and shall not be paid out of any state school aid funds or out of any other revenues of the school district. The cost of transportation may be paid in installments, and the board of education shall establish the cost of the transportation and the time or times and method of payment.

**4. A school district or charter school may arrange to have students transported using alternative methods such as existing public transportation or vehicles other than a school bus, as long as the district or charter school pays the cost of the transportation or provides for the transportation without cost to the student.**

When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment

with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

**170.039. 1. (1) School districts and charter schools sponsored by local boards of education may award an enrolled student credit for a high school course if the student is able to demonstrate proficiency in the knowledge, skills, and competencies in the subject area to the satisfaction of the district or charter school sponsored by a local board of education, regardless of whether the student has enrolled in the course with the district or charter school sponsored by a local board of education or completed the course.**

**(2) Districts and charter schools sponsored by local boards of education that offer proficiency-based credit as described in this section shall notify parents and students in the student handbook or, if a district or charter school sponsored by a local board of education does not provide a student handbook, through other means determined by the district or charter school sponsored by a local board of education.**

**(3) A student who chooses to demonstrate competency to earn credit as described in this section shall take any statewide assessments associated with any course for which the student earns proficiency-based credit.**

**2. A student who earns proficiency-based credits shall not be required to graduate earlier than his or her age-related cohorts even if the student earns more credits than necessary to graduate. However, if a student graduates from high school earlier than his or her age-related cohorts due to proficiency-based credits earned by the student, the district may continue to collect state aid for the student until the student's age-related cohorts graduate. The state aid earned in this manner shall be used to provide services to students who are at risk of not graduating on time or at all or to increase the number of students attending a career center from the number of students who attended in the 2017-18 school year.**

**3. If a student graduates early due to proficiency-based credits earned by the student, the district's collection of state aid for the student as described in subsection 2 of this section shall be determined by counting each course for which the student earned proficiency-based credit as equaling ninety-five percent of the hours of attendance possible for such course even though the student never actually attended the course. The district shall count only those courses necessary for the district to claim full-time status for the student until the student's age-related cohorts graduate.”; and**

[178.930. 1. (1) Beginning July 1, 2009, and until June 30, 2010, the department of elementary and secondary education shall pay monthly, out of the funds appropriated to it

for that purpose, to each sheltered workshop a sum equal to ninety dollars for each standard workweek (Monday through Friday) of up to and including thirty hours worked during the preceding calendar month. Eighteen dollars shall be paid for each six-hour or longer day worked by a handicapped employee on Saturdays or Sundays. For each handicapped worker employed by a sheltered workshop for less than a thirty-hour week or a six-hour day on Saturdays or Sundays, the workshop shall receive a percentage of the corresponding amount normally paid based on the percentage of time worked by the handicapped employee.

(2) Beginning July 1, 2010, and thereafter, the department of elementary and secondary education shall pay monthly, out of the funds appropriated to it for that purpose, to each sheltered workshop a sum equal to ninety-five dollars for each standard workweek (Monday through Friday) of up to and including thirty hours worked during the preceding calendar month. Nineteen dollars shall be paid for each six-hour or longer day worked by a handicapped employee on Saturdays or Sundays. 3. There is hereby created in the state treasury the “Sheltered Workshop Per Diem Revolving Fund” which shall be administered by the commissioner of the department of elementary and secondary education. All moneys appropriated pursuant to subsection 1 of this section shall be deposited in the fund and expended as described in subsection 1 of this section.

4. The balance of the sheltered workshop per diem revolving fund shall not exceed five hundred thousand dollars at the end of each fiscal year and shall be exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the general revenue fund. Any unexpended balance in the sheltered workshop per diem revolving fund at the end of each fiscal year exceeding five hundred thousand dollars shall be deposited in the general revenue fund.]

Section B. Because immediate action is necessary to ensure that as many people can be employed in sheltered workshops as possible, and that the employment of people can occur as soon as possible, the repeal of section 178.930 and the enactment of section 178.931 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal of section 178.930 and the enactment of section 178.931 of this act shall be in full force and effect on July 1, 2018, or upon its passage and approval, whichever occurs later.”; and

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting after all of said section and line the following:

"163.021. 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students,

all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;**

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district; **and**

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2019-20 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the

local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort.

171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, **days of planned attendance**, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In school year 2019-20 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section. 5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

[7. No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.]

171.033. 1. “Inclement weather”, for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. **(1)** A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the

days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

**(2) Notwithstanding subdivision (1) of this subsection, in school year 2019-20 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.**

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

**(2) In school year 2019-20 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.**

4. The commissioner of education may provide, for any school district [in which schools are in session for twelve months of each calendar year] that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance**, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather[, flooding] or fire.

[171.029. 1. The school board of any school district in the state, upon adoption of a resolution by the vote of a majority of all its members to authorize such action, may establish a four-day school week or other calendar consisting of less than one hundred seventy-four days in lieu of a five-day school week. Upon adoption of a four-day school week or other calendar consisting of less than one hundred seventy-four days, the school shall file a calendar with the department of elementary and secondary education in accordance with section 171.031. Such calendar shall include, but not be limited to, a minimum term of one hundred forty-two days and one thousand forty-four hours of actual pupil attendance.

2. If a school district that attends less than one hundred seventy-four days meets at least two fewer performance standards on two successive annual performance reports than it met on its last annual performance report received prior to implementing a calendar year of less than one hundred seventy-four days, it shall be required to revert to a one hundred seventy-four-day school year in the school year following the report of the drop in the number of performance standards met. When the number of performance standards met reaches the earlier number, the district may return to the four-day week or other calendar consisting of

less than one hundred seventy-four days in the next school year.]

Section B. The repeal of section 171.029 of this act shall become effective July 1, 2019.”; and

“160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district’s determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district’s discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. **The district may satisfy this notice requirement by posting a copy of the policy and procedures on the district’s website.** All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, “need to know” is defined as school personnel who are directly responsible for the student’s education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase “act of school violence” or “violent behavior” means the exertion of physical force by a student with the intent to do serious physical injury as defined in section 556.061 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

- (1) First degree murder under section 565.020;
- (2) Second degree murder under section 565.021;

of a controlled substance under section 579.055;

(11) Distribution of drugs to a minor under section 195.212 as it existed prior to January 1, 2017, or delivery of a controlled substance under section 579.020;

(12) Arson in the first degree under section 569.040;

(13) Voluntary manslaughter under section 565.023;

(14) Involuntary manslaughter under section 565.024 as it existed prior to January 1, 2017, involuntary manslaughter in the first degree under section 565.024, or involuntary manslaughter in the second degree under section 565.027;

(15) Second degree assault under section 565.060 as it existed prior to January 1, 2017, or second degree assault under section 565.052;

(16) Rape in the second degree under section 566.031;

(21) Sodomy in the second degree pursuant to section 566.061;

(22) Sexual misconduct involving a child pursuant to section 566.083;

(24) [Harassment under section 565.090 as it existed prior to January 1, 2017, or harassment in the first degree under section 565.090; or

(25)] Stalking under section 565.225 as it existed prior to January 1, 2017, or stalking in the first degree under section 565.225[;]

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school

or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to

hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. “Acts of violence” as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district’s discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education’s written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children’s division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children’s division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children’s division as set forth in section 210.115. Reports made to the children’s division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children’s division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children’s division shall notify the superintendent of schools of the district

or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.”; and

**practical report such incident to the principal.**

3. **2. Nothing in this section shall exempt the district in which a facility described in this section is located from providing educational services according to federal law. However, for accountability purposes under state and federal law, the department of elementary and secondary education shall not count the students residing in any such facility as part of the school district in which the facility is located, but shall instead aggregate all neglected and delinquent children residing in facilities described in this section and issue any reports as if the students and facilities were their own separate local educational agency.”; and**

(b) The child [or person seventeen years of age] is otherwise without proper care, custody or support; or

(d) The behavior or associations of the child are otherwise injurious to his or her welfare or to the welfare of others; or

(e) The child is charged with an offense not classified as criminal, or with an offense applicable only to children; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, or any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(3) Involving any child who is alleged to have violated a state law or municipal ordinance, or any person who is alleged to have violated a state law or municipal ordinance prior to attaining the age of [seventeen] **eighteen** years, in which cases jurisdiction may be taken by the court of the circuit in which the child or person resides or may be found or in which the violation is alleged to have occurred; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, and except that the juvenile court shall have concurrent jurisdiction with the municipal court over any child who is alleged to have violated a municipal curfew ordinance, and except that the juvenile court shall have concurrent jurisdiction with the circuit court on any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(4) For the adoption of a person;

(5) For the commitment of a child [or person seventeen years of age] to the guardianship of the department of social services as provided by law; and

(6) Involving an order of protection pursuant to chapter 455 when the respondent is less than [seventeen] **eighteen** years of age.

2. Transfer of a matter, proceeding, jurisdiction or supervision for a child [or person seventeen years of age] who resides in a county of this state shall be made as follows:

(1) Prior to the filing of a petition and upon request of any party or at the discretion of the juvenile officer, the matter in the interest of a child [or person seventeen years of age] may be transferred by the juvenile officer, with the prior consent of the juvenile officer of the receiving court, to the county of the child's residence or the residence of the person [seventeen] **eighteen** years of age for future action;

(2) Upon the motion of any party or on its own motion prior to final disposition on the pending matter, the court in which a proceeding is commenced may transfer the proceeding of a child [or person seventeen years of age] to the court located in the county of the child's residence [or the residence of the person seventeen years of age], or the county in which the offense pursuant to subdivision (3) of subsection 1 of this section is alleged to have occurred for further action;

(3) Upon motion of any party or on its own motion, the court in which jurisdiction has been taken pursuant to subsection 1 of this section may at any time thereafter transfer jurisdiction of a child [or person seventeen years of age] to the court located in the county of the child's residence [or the residence of the person seventeen years of age] for further action with the prior consent of the receiving court;

(4) Upon motion of any party or upon its own motion at any time following a judgment of disposition or treatment pursuant to section 211.181, the court having jurisdiction of the cause may place the child [or person seventeen years of age] under the supervision of another juvenile court within or without the state pursuant to section 210.570 with the consent of the receiving court;

(5) Upon motion of any child [or person seventeen years of age] or his or her parent, the court having jurisdiction shall grant one change of judge pursuant to Missouri supreme court rules;

(6) Upon the transfer of any matter, proceeding, jurisdiction or supervision of a child [or person seventeen years of age], certified copies of all legal and social documents and records pertaining to the case on file with the clerk of the transferring juvenile court shall accompany the transfer.

3. In any proceeding involving any child [or person seventeen years of age] taken into custody in a county other than the county of the child's residence [or the residence of a person seventeen years of age], the juvenile court of the county of the child's residence [or the residence of a person seventeen years of age] shall be notified of such taking into custody within seventy-two hours.

4. When an investigation by a juvenile officer pursuant to this section reveals that the only basis for action involves an alleged violation of section 167.031 involving a child who alleges to be home schooled, the juvenile officer shall contact a parent or parents of such child to verify that the child is being home schooled and not in violation of section 167.031 before making a report of such a violation. Any report of a violation of section 167.031 made by a juvenile officer regarding a child who is being home schooled shall be made to the prosecuting attorney of the county where the child legally resides.

5. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child [or person seventeen years of age], alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. Such notification shall be in writing.

2. Upon request from any party, the court shall hold a protective custody hearing. Such hearing shall be held within three days of the request for a hearing, excluding Saturdays, Sundays and legal holidays. For circuits participating in a pilot project established by the Missouri supreme court, the parties shall be notified at the status conference of their right to request a protective custody hearing.

3. No later than February 1, 2005, the Missouri supreme court shall require a mandatory court proceeding to be held within three days, excluding Saturdays, Sundays, and legal holidays, in all cases under subdivision (1) of subsection 1 of section 211.031. The Missouri supreme court shall promulgate rules for the implementation of such mandatory court proceedings and may consider recommendations from any pilot projects established by the Missouri supreme court regarding such proceedings. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. The division, in consultation with the department of elementary and secondary education, shall establish the necessary procedures to implement the provisions of this subsection.

211.033. 1. No person under the age of [seventeen] **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071 shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of [seventeen] **eighteen** to a juvenile detention

facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

[3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes [seventeen] **eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for [him] **the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of [seventeen] **eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and [seventeen] **eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023**, [or] distribution of drugs under section 195.211 **as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055**, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between [seventeen] **eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney

shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his **or her** home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his **or her** counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under [seventeen] **eighteen** years [and six months] of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of [seventeen] **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one

years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the juvenile officer in writing that a child appears to be within the purview of applicable provisions of section 211.031 [or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031], the juvenile officer shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child [or person seventeen years of age] require that further action be taken. On the basis of this inquiry, the juvenile officer may make such informal adjustment as is practicable without a petition or file a petition. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child [or person seventeen years of age] which would place or commit the child [or person seventeen years of age] to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child [or person seventeen years of age] and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child [or person seventeen years of age] which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child [or person seventeen years of age]. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child [or person seventeen years of age]. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child [or person seventeen years of age].

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled "In the interest of ....., a child under [seventeen] **eighteen** years of age" [or "In the interest of ....., a child seventeen years of age" or "In the interest of ....., a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition].

2. The petition shall set forth plainly:

(1) The facts which bring the child [or person seventeen years of age] within the jurisdiction of the court;

(2) The full name, birth date, and residence of the child [or person seventeen years of age];

(3) The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child [or person seventeen years of age] or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.”; and

Further amend said bill, Page 2, Section 211.093, Line 46, by inserting after said section and line the following:

“211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child [or person seventeen years of age] to appear personally and, unless the court orders otherwise, to bring the child [or person seventeen years of age] before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child [or person seventeen years of age], then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child [or person seventeen years of age] is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child [or person seventeen years of age] into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child [or person seventeen years of age] within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child [or person seventeen years of age] may be given consideration in the disposition of his **or her** case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children [or persons seventeen years of age] coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children [or persons seventeen years of age] under its jurisdiction.

211.181. 1. When a child [or person seventeen years of age] is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child [or person seventeen years of age], and the court may, by order duly entered, proceed as follows:

(1) Place the child [or person seventeen years of age] under supervision in his **or her** own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child [or person seventeen years of age] to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child [or person seventeen years of age] may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child [or person seventeen years of age] in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child [or person seventeen years of age] in a family home;

(4) Cause the child [or person seventeen years of age] to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child [or person seventeen years of age] requires it, cause the child [or person seventeen years of age] to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child [or person seventeen years of age] whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child [or person seventeen years of age];

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its

jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he **or she** is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child

are siblings or children living in the same home;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Beginning January 1, 1996, the court may make further directions as to placement with the division of youth services concerning the child's length of stay. The length of stay order may set forth a minimum review date;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his **or her** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his **or her** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed;

(9) When a child has been adjudicated to have violated a municipal ordinance or to have committed an act that would be a misdemeanor if committed by an adult, assess an amount of up to twenty-five dollars to be paid by the child to the clerk of the court; when a child has been adjudicated to have committed an act that would be a felony if committed by an adult, assess an amount of up to fifty dollars to be paid by the child to the clerk of the court.

4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons [seventeen] **eighteen** years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his [seventeenth] **or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's [seventeenth] **eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not

be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. 1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person [seventeen] **eighteen** years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the case may be, for appropriate proceedings.

211.425. 1. Any person who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape, forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender and shall be required to register as a juvenile sex offender by complying with the registration requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen years of age or older at the time of the offense and the offense adjudicated would be considered a felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such offense, in which case, the juvenile shall be required to register as an adult sexual offender under sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex offender or any court having jurisdiction over a juvenile required to register as a juvenile sex offender, or any person required to register as a juvenile sex offender, shall, within ten days of the juvenile offender moving into any county of this state, register with the juvenile office of the county. If such juvenile offender changes residence or address, the state agency, court or person shall inform the juvenile office within ten days of the new residence or address and shall also be required to register with the juvenile office of any new county of residence. Registration shall be accomplished by completing a registration form similar to the form provided for in section 589.407. Such form shall include, but is not limited to, the following:

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their jurisdictions who register as required by this section. Information contained on the registration forms shall be kept confidential and may be released by juvenile offices to only those persons and agencies who are authorized to receive information from juvenile court records as provided by law, including, but not limited to, those specified in section 211.321. State agencies having custody of juveniles who fall within the registration requirements of this section shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person [seventeen] **eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile [will] **shall** be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

4. behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

[10.] **11.** Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

[11.] **12.** The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician’s skill, training, and competence and the skill and training of the collaborating physician.

(5) The manner of collaboration between the collaborating physician and the assistant physician,

including how the collaborating physician and the assistant physician shall:

L. 95-210 [.] (42 U.S.C. Section 1395x), as amended**, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(8) The duration of the written practice agreement between the collaborating physician and the assistant physician;

(9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

3. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:

(1) Geographic areas to be covered;

(2) The methods of treatment that may be covered by collaborative practice arrangements;

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent assistant physicians, **full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof.** Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. **No rule or regulation shall require the collaborating physician to review more than ten percent of the assistant physician's patient charts or records during such one-month period.** Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement

shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, **except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.** Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009, **or assistant physicians providing opioid addiction treatment.**

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and

competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. **An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patient's receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.**

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior

to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof**. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse

to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

(1) A supervision agreement shall limit the physician assistant to practice only at locations described in subdivision (8) of subsection 1 of this section, [where the supervising physician is no further than fifty miles by road using the most direct route available and where the location is not so situated as to create an impediment to effective intervention and supervision of patient care or adequate review of services] **within a geographic proximity to be determined by the board of registration for the healing arts.**

(2) For a physician-physician assistant team working in a **certified community behavioral health clinic as defined by P.L. 113-93 and a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, or a federally qualified health center as defined in 42 U.S.C. or obstetric procedures. Prescribing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician **or collaborating physician** for more than [three] **six** full-time equivalent licensed physician assistants, **full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197.

334.747. 1. A physician assistant with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a supervision agreement. Such authority shall be listed on the supervision verification form on file with the state board of healing arts. 4. (1) In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in the state, health insurance coverage may be discontinued by the issuer only if:

(a) The issuer provides notice to the director and to each individual of such discontinuation at least one hundred eighty days prior to the date of the expiration of such coverage; and

(b) All health insurance issued or delivered for issuance in the state in such market is discontinued and coverage under such health insurance coverage in such market is not renewed.

(2) In the case of a discontinuation under subdivision (1) of this subsection, the issuer shall not provide for the issuance of any health insurance coverage in the individual market for a five-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

5. At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with applicable law and effective on a uniform basis among all individuals with that policy form. For purposes of this subsection, renewal shall be deemed to occur not more often than annually on the anniversary of the effective date of the individual's health insurance coverage or as specified in the policy or contract.

6. In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an individual is deemed to include a reference to such an association of which the individual is a member.

7. An insurer shall provide a certification of creditable coverage as required by Public Law 104-191 and regulations pursuant thereto.

376.779. 1. All health plans or policies that are individually underwritten or provide for such coverage for specific individuals and the members of their families, which provide for hospital treatment, shall provide coverage, while confined in a hospital or in a residential or nonresidential facility certified by the department of mental health, for treatment of alcoholism on the same basis as coverage for any other illness, except that coverage may be limited to thirty days in any policy or contract benefit period. All Missouri individual contracts issued on or after January 1, 2005, shall be subject to this section. Coverage required by this section shall be included in the policy or contract and payment provided as for other coverage in the same policy or contract notwithstanding any construction or relationship of interdependent contracts or plans affecting coverage and payment of reimbursement prerequisites under the policy or contract.

2. Insurers, corporations or groups providing coverage may approve for payment or reimbursement vendors and programs providing services or treatment required by this section. Any vendor or person offering services or treatment subject to the provisions of this section and seeking approval for payment or reimbursement shall submit to the department of mental health a detailed description of the services or treatment program to be offered. The department of mental health shall make copies of such descriptions available to insurers, corporations or groups providing coverage under the provisions of this section. Each insurer, corporation or group providing coverage shall notify the vendor or person offering service or treatment as to its acceptance or rejection for payment or reimbursement; provided, however, payment or reimbursement shall be made for any service or treatment program certified by the department of mental health. Any notice of rejection shall contain a detailed statement of the reasons for rejection and the steps and procedures necessary for acceptance. Amended descriptions of services or treatment programs to be offered may be filed with the department of mental health. Any vendor or person rejected for approval of payment or reimbursement may modify their description and treatment program and submit copies of the amended description to the department of mental health and to the insurer, corporation or group which rejected the original description.

3. The department of mental health may issue rules necessary to carry out the provisions of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

4. All substance abuse treatment programs in Missouri receiving funding from the Missouri department of mental health must be certified by the department.

5. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.781. 1. All group health insurance policies providing coverage on an expense-incurred basis, all

group service or indemnity contracts issued by a not-for-profit health service corporation, all self-insured group health benefit plans of any type or description, and all such health plans or policies that are individually underwritten or provide for such coverage for specific individuals and the members of their families as nongroup policies, which provide for hospital treatment, shall offer coverage for the necessary care and treatment of loss or impairment of speech or hearing subject to the same durational limits, dollar limits, deductibles and coinsurance factors as other covered services in such policies or contracts. All Missouri group contracts issued or renewed on or after December 31, 1984, shall be subject to this section. Notwithstanding any construction or relationship of interdependent contracts or plans affecting coverage and payment of reimbursement prerequisites under the policy or contract, coverage required by this section shall be included in the policy or contract and payment provided as for other coverage in the same policy or contract.

2. The offer of benefits under subsection 1 of this section shall be in writing and may be rejected by the individual or group policyholder.

3. Nothing in this section shall prohibit the insurance company or not-for-profit health service corporation from including any coverage for loss or impairment of speech, language or hearing as standard coverage in their policies or contracts, but same shall not contain terms contrary to this section.

4. The phrase “loss or impairment of speech or hearing” shall include those communicative disorders generally treated by a speech pathologist, audiologist or speech/language pathologist licensed by the state board of healing arts or certified by the American Speech-Language and Hearing Association (ASHA), or both, and which fall within the scope of his or her license or certification.

5. Any provision in a health insurance policy contrary to or in conflict with the provisions of this section shall, to the extent of the conflict, be void, but such invalidity shall not offset the validity of the other provisions of such policy.

6. The department of insurance, financial institutions and professional registration may issue rules necessary to carry out the provisions of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

**7. This section shall not apply to short-term major medical policies having a duration of less than one year.**

As used in this section, the term “low-dose mammography screening” means the X-ray examination of the breast using equipment specifically designed and dedicated for mammography, including the X-ray tube, filter, compression device, films, and cassettes, with an average radiation exposure delivery of less than one rad mid-breast, with two views for each breast, and any fee charged by a radiologist or other physician for reading, interpreting or diagnosing based on such X-ray.

2. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1991, and providing coverage to any resident of this state shall provide benefits or coverage for low-dose mammography screening for any nonsymptomatic woman covered under such policy or contract which

meets the minimum requirements of this section. Such benefits or coverage shall include at least the following:

- (3) A mammogram every year for women age fifty and over;
- (4) A mammogram for any woman, upon the recommendation of a physician, where such woman, her mother or her sister has a prior history of breast cancer.

3. Coverage and benefits related to mammography as required by this section shall be at least as favorable and subject to the same dollar limits, deductibles, and co-payments as other radiological examinations.

**4. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

376.811. 1. Every insurance company and health services corporation doing business in this state shall offer in all health insurance policies benefits or coverage for chemical dependency meeting the following minimum standards:

- (1) Coverage for outpatient treatment through a nonresidential treatment program, or through partial- or full-day program services, of not less than twenty-six days per policy benefit period;

- (3) Coverage for medical or social setting detoxification of not less than six days per policy benefit period;
- (4) The coverages set forth in this subsection may be subject to a separate lifetime frequency cap of not less than ten episodes of treatment, except that such separate lifetime frequency cap shall not apply to medical detoxification in a life-threatening situation as determined by the treating physician and subsequently documented within forty-eight hours of treatment to the reasonable satisfaction of the insurance company or health services corporation; and

(5) The coverages set forth in this subsection:

(a) Shall be subject to the same coinsurance, co-payment and deductible factors as apply to physical illness;

(b) May be administered pursuant to a managed care program established by the insurance company or health services corporation; and

(c) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri.

2. In addition to the coverages set forth in subsection 1 of this section, every insurance company, health

services corporation and health maintenance organization doing business in this state shall offer in all health insurance policies, benefits or coverages for recognized mental illness, excluding chemical dependency, meeting the following minimum standards:

(1) Coverage for outpatient treatment, including treatment through partial- or full-day program services, for mental health services for a recognized mental illness rendered by a licensed professional to the same extent as any other illness;

(2) Coverage for residential treatment programs for the therapeutic care and treatment of a recognized mental illness when prescribed by a licensed professional and rendered in a psychiatric residential treatment center licensed by the department of mental health or accredited by the Joint Commission on Accreditation of Hospitals to the same extent as any other illness;

(5) The coverages set forth in this subsection may be administered pursuant to a managed care program established by the insurance company, health services corporation or health maintenance organization, and covered services may be delivered through a system of contractual arrangements with one or more providers, community mental health centers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri.

3. The offer required by sections 376.810 to 376.814 may be accepted or rejected by the group or individual policyholder or contract holder and, if accepted, shall fully and completely satisfy and substitute for the coverage under section 376.779. Nothing in sections 376.810 to 376.814 shall prohibit an insurance company, health services corporation or health maintenance organization from including all or part of the coverages set forth in sections 376.810 to 376.814 as standard coverage in their policies or contracts issued in this state.

4. Every insurance company, health services corporation and health maintenance organization doing business in this state shall offer in all health insurance policies mental health benefits or coverage as part of the policy or as a supplement to the policy. Such mental health benefits or coverage shall include at least two sessions per year to a licensed psychiatrist, licensed psychologist, licensed professional counselor, licensed clinical social worker, or, subject to contractual provisions, a licensed marital and family therapist, acting within the scope of such license and under the following minimum standards:

(1) Coverage and benefits in this subsection shall be for the purpose of diagnosis or assessment, but not dependent upon findings; and

(2) Coverage and benefits in this subsection shall not be subject to any conditions of preapproval, and shall be deemed reimbursable as long as the provisions of this subsection are satisfied; and

(3) Coverage and benefits in this subsection shall be subject to the same coinsurance, co-payment and deductible factors as apply to regular office visits under coverages and benefits for physical illness.

5. If the group or individual policyholder or contract holder rejects the offer required by this section,

then the coverage shall be governed by the mental health and chemical dependency insurance act as provided in sections 376.825 to 376.836.

6. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.845. 1. For the purposes of this section the following terms shall mean:

(1) “Eating disorder”, pica, rumination disorder, avoidant/restrictive food intake disorder, anorexia nervosa, bulimia nervosa, binge eating disorder, other specified feeding or eating disorder, and any other eating disorder contained in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association where diagnosed by a licensed physician, psychiatrist, psychologist, clinical social worker, licensed marital and family therapist, or professional counselor duly licensed in the state where he or she practices and acting within their applicable scope of practice in the state where he or she practices;

(2) “Health benefit plan”, shall have the same meaning as such term is defined in section 376.1350; however, for purposes of this section “health benefit plan” does not include a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy;

(3) “Health carrier”, shall have the same meaning as such term is defined in section 376.1350;

(4) “Medical care”, health care services needed to diagnose, prevent, treat, cure, or relieve physical manifestations of an eating disorder, and shall include inpatient hospitalization, partial hospitalization, residential care, intensive outpatient treatment, follow-up outpatient care, and counseling;

(5) “Pharmacy care”, medications prescribed by a licensed physician for an eating disorder and includes any health-related services deemed medically necessary to determine the need or effectiveness of the medications, but only to the extent that such medications are included in the insured’s health benefit plan;

(6) “Psychiatric care” and “psychological care”, direct or consultative services provided during inpatient hospitalization, partial hospitalization, residential care, intensive outpatient treatment, follow-up outpatient care, and counseling provided by a psychiatrist or psychologist licensed in the state of practice;

(7) “Therapy”, medical care and behavioral interventions provided by a duly licensed physician, psychiatrist, psychologist, professional counselor, licensed clinical social worker, or family marriage therapist where said person is licensed or registered in the states where he or she practices;

(8) “Treatment of eating disorders”, therapy provided by a licensed treating physician, psychiatrist, psychologist, professional counselor, clinical social worker, or licensed marital and family therapist pursuant to the powers granted under such licensed physician’s, psychiatrist’s, psychologist’s, professional counselor’s, clinical social worker’s, or licensed marital and family therapist’s license in the state where he or she practices for an individual diagnosed with an eating disorder.

2. In accordance with the provisions of section 376.1550, all health benefit plans that are delivered, issued for delivery, continued or renewed on or after January 1, 2017, if written inside the state of Missouri, or written outside the state of Missouri but covering Missouri residents, shall provide coverage for the diagnosis and treatment of eating disorders as required in section 376.1550.

3. Coverage provided under this section is limited to medically necessary treatment that is provided by a licensed treating physician, psychiatrist, psychologist, professional counselor, clinical social worker, or licensed marital and family therapist pursuant to the powers granted under such licensed physician's, psychiatrist's, psychologist's, professional counselor's, clinical social worker's, or licensed marital and family therapist's license and acting within their applicable scope of coverage, in accordance with a treatment plan.

4. The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

5. Coverage of the treatment of eating disorders may be subject to other general exclusions and limitations of the contract or benefit plan not in conflict with the provisions of this section, such as coordination of benefits, and utilization review of health care services, which includes reviews of medical necessity and care management. Medical necessity determinations and care management for the treatment of eating disorders shall consider the overall medical and mental health needs of the individual with an eating disorder, shall not be based solely on weight, and shall take into consideration the most recent Practice Guideline for the Treatment of Patients with Eating Disorders adopted by the American Psychiatric Association in addition to current standards based upon the medical literature generally recognized as authoritative in the medical community.

376.1192. 1. As used in this section, "health benefit plan" and "health carrier" shall have the same meaning as such terms are defined in section 376.1350.

2. Beginning September 1, 2013, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if state mandates were enacted to provide health benefit plan coverage for the following:

(1) Orally administered anticancer medication that is used to kill or slow the growth of cancerous cells charged at the same co-payment, deductible, or coinsurance amount as intravenously administered or injected cancer medication that is provided, regardless of formulation or benefit category determination by the health carrier administering the health benefit plan;

(2) Diagnosis and treatment of eating disorders that include anorexia nervosa, bulimia, binge eating, eating disorders nonspecified, and any other severe eating disorders contained in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. The actuarial analysis shall assume the following are included in health benefit plan coverage:

(a) Residential treatment for eating disorders, if such treatment is medically necessary in accordance with the Practice Guidelines for the Treatment of Patients with Eating Disorders, as most recently published by the American Psychiatric Association; and

(b) Access to medical treatment that provides coverage for integrated care and treatment as

recommended by medical and mental health care professionals, including but not limited to psychological services, nutrition counseling, physical therapy, dietician services, medical monitoring, and psychiatric monitoring.

3. By December 31, 2013, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker of the house of representatives, the president pro tempore of the senate, and the chairpersons of the house of representatives committee on health insurance and the senate small business, insurance and industry committee, or the committees having jurisdiction over health insurance issues if the preceding committees no longer exist.

4. For the purposes of this section, the actuarial analysis of health benefit plan coverage shall assume that such coverage:

(1) Shall not be subject to any greater deductible or co-payment than other health care services provided by the health benefit plan; and

(2) Shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy.

5. The cost for each actuarial analysis shall not exceed thirty thousand dollars and the oversight division of the joint committee on legislative research may utilize any actuary contracted to perform services for the Missouri consolidated health care plan to perform the analysis required under this section.

6. The provisions of this section shall expire on December 31, 2013.

376.1199. 1. Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits and pharmaceutical coverage, which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall:

(1) Notwithstanding the provisions of subsection 4 of section 354.618, provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/gynecologist of her choice within the provider network for covered services. The services covered by this subdivision shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional co-payments, coinsurance or deductibles upon any enrollee who seeks or receives health care services pursuant to this subdivision, unless similar additional co-payments, coinsurance or deductibles are imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to require a health carrier to perform, induce, pay for, reimburse, guarantee, arrange, provide any resources for or refer a patient for an abortion, as defined in section 188.015, other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed, or to supersede or conflict with section 376.805; and

(2) Notify enrollees annually of cancer screenings covered by the enrollees' health benefit plan and the current American Cancer Society guidelines for all cancer screenings or notify enrollees at intervals consistent with current American Cancer Society guidelines of cancer screenings which are covered by the

enrollees' health benefit plans. The notice shall be delivered by mail unless the enrollee and health carrier have agreed on another method of notification; and

(3) Include coverage for services related to diagnosis, treatment and appropriate management of osteoporosis when such services are provided by a person licensed to practice medicine and surgery in this state, for individuals with a condition or medical history for which bone mass measurement is medically indicated for such individual. In determining whether testing or treatment is medically appropriate, due consideration shall be given to peer-reviewed medical literature. A policy, provision, contract, plan or agreement may apply to such services the same deductibles, coinsurance and other limitations as apply to other covered services; and

(4) If the health benefit plan also provides coverage for pharmaceutical benefits, provide coverage for contraceptives either at no charge or at the same level of deductible, coinsurance or co-payment as any other covered drug.

No such deductible, coinsurance or co-payment shall be greater than any drug on the health benefit plan's formulary. As used in this section, "contraceptive" shall include all prescription drugs and devices approved by the federal Food and Drug Administration for use as a contraceptive, but shall exclude all drugs and devices that are intended to induce an abortion, as defined in section 188.015, which shall be subject to section 376.805. Nothing in this subdivision shall be construed to exclude coverage for prescription contraceptive drugs or devices ordered by a health care provider with prescriptive authority for reasons other than contraceptive or abortion purposes.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding the provisions of subdivision (4) of subsection 1 of this section to the contrary:

(1) Any health carrier shall offer and issue to any person or entity purchasing a health benefit plan, a health benefit plan that excludes coverage for contraceptives if the use or provision of such contraceptives is contrary to the moral, ethical or religious beliefs or tenets of such person or entity;

(2) Upon request of an enrollee who is a member of a group health benefit plan and who states that the use or provision of contraceptives is contrary to his or her moral, ethical or religious beliefs, any health carrier shall issue to or on behalf of such enrollee a policy form that excludes coverage for contraceptives. Any administrative costs to a group health benefit plan associated with such exclusion of coverage not offset by the decreased costs of providing coverage shall be borne by the group policyholder or group plan holder;

(3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section. For purposes of this subsection, if new premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a health benefit plan that includes coverage for contraceptives.

6. Any health benefit plan issued pursuant to subsection 1 of this section shall provide clear and conspicuous written notice on the enrollment form or any accompanying materials to the enrollment form and the group health benefit plan application and contract:

(1) Whether coverage for contraceptives is or is not included;

(2) That an enrollee who is a member of a group health benefit plan with coverage for contraceptives has the right to exclude coverage for contraceptives if such coverage is contrary to his or her moral, ethical or religious beliefs;

(3) That an enrollee who is a member of a group health benefit plan without coverage for contraceptives has the right to purchase coverage for contraceptives;

(4) Whether an optional rider for elective abortions has been purchased by the group contract holder pursuant to section 376.805; and

(5) That an enrollee who is a member of a group health plan with coverage for elective abortions has the right to exclude and not pay for coverage for elective abortions if such coverage is contrary to his or her moral, ethical, or religious beliefs.

For purposes of this subsection, if new premiums are charged for a contract, plan, or policy, it shall be determined to be a new contract, plan, or policy.

7. Health carriers shall not disclose to the person or entity who purchased the health benefit plan the names of enrollees who exclude coverage for contraceptives in the health benefit plan or who purchase a health benefit plan that includes coverage for contraceptives. Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a health benefit plan that includes coverage for contraceptives.

8. The departments of health and senior services and insurance, financial institutions and professional registration may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

376.1200. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care

delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1996, shall offer coverage for the treatment of breast cancer by dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants when performed pursuant to nationally accepted peer review protocols utilized by breast cancer treatment centers experienced in dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants. The offer of benefits under this section shall be in writing and must be accepted in writing by the individual or group policyholder or contract holder.

2. Such health care service shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan, except that the policy, contract or plan may contain a provision imposing a lifetime benefit maximum of not less than one hundred thousand dollars, for dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants for breast cancer treatment.

3. Benefits may be administered for such health care service through a managed care program of exclusive and/or preferred contractual arrangements with one or more providers rendering such health care service. These contractual arrangements may provide that the provider shall hold the patient harmless for the cost of rendering such health care service if it is subsequently found by the entity authorized to resolve disputes that:

(1) Such care did not qualify under the protocols established for the providing of care for such health care service;

(2) Such care was not medically appropriate; or

(3) The provider otherwise failed to comply with the utilization management or other managed care provision agreed to in any contract between the entity and the provider.

4. The provisions of this section shall not apply to short-term travel, accident-only, limited or specified disease policies, or to short-term nonrenewable policies [of not more than seven months duration] **having a duration of less than one year.**

5. Nothing in this section shall prohibit an entity from including all or part of such health care services as standard coverage in its policies, contracts or plans.

376.1209. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that provide coverage for the surgical procedure known as a mastectomy, and which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall provide coverage for prosthetic devices or reconstructive surgery necessary to restore symmetry as recommended by the oncologist or primary care physician for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the same deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits with the exception that no time limit shall be imposed on an individual for the receipt of prosthetic devices or reconstructive surgery and if such individual changes his or her insurer, then the new policy subject to the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, shall provide coverage consistent with the federal Women's Health and Cancer Rights Act

(Sections 901-903 of P.L. 105-277), as amended, and any regulations promulgated pursuant to such act.

2. As used in this section, the term “mastectomy” means the removal of all or part of the breast for medically necessary reasons, as determined by a physician licensed pursuant to chapter 334.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, **short-term major medical policy having a duration of less than one year**, or long-term care policy.

376.1210. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, shall provide coverage for a minimum of forty-eight hours of inpatient care following a vaginal delivery and a minimum of ninety-six hours of inpatient care following a cesarean section for a mother and her newly born child in a hospital as defined in section 197.020 or any other health care facility licensed to provide obstetrical care under the provisions of chapter 197.

2. Notwithstanding the provisions of subsection 1 of this section, any entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, may authorize a shorter length of hospital stay for services related to maternity and newborn care if:

(1) A shorter hospital stay meets with the approval of the attending physician after consulting with the mother. The physician’s approval to discharge shall be made in accordance with the most current version of the “Guidelines for Perinatal Care” prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization; and

(2) The entity providing the individual or group health insurance policy provides coverage for post-discharge care to the mother and her newborn.

3. Post-discharge care shall consist of a minimum of two visits at least one of which shall be in the home, in accordance with accepted maternal and neonatal physical assessments, by a registered professional nurse with experience in maternal and child health nursing or a physician. The location and schedule of the post-discharge visits shall be determined by the attending physician. Services provided by the registered professional nurse or physician shall include, but not be limited to, physical assessment of the newborn and mother, parent education, assistance and training in breast or bottle feeding, education and services for complete childhood immunizations, the performance of any necessary and appropriate clinical tests and submission of a metabolic specimen satisfactory to the state laboratory. Such services shall be in accordance with the medical criteria outlined in the most current version of the “Guidelines for Perinatal Care” prepared

by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization. Any abnormality, in the condition of the mother or the child, observed by the nurse shall be reported to the attending physician as medically appropriate.

4. For the purposes of this section, “attending physician” shall include the attending obstetrician, pediatrician, or other physician attending the mother or newly born child.

5. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide notice to policyholders, insured persons and participants regarding the coverage required by this section. Such notice shall be in writing and prominently positioned in the policy, certificate of coverage or summary plan description.

6. Such health care service shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

7. No insurer may provide financial disincentives to, or deselect, terminate the services of, require additional documentation from, require additional utilization review, or reduce payments to, or otherwise penalize the attending physician in retaliation solely for ordering care consistent with the provisions of this section.

**8. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

9. The department of insurance, financial institutions and professional registration shall adopt rules and regulations to implement and enforce the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.1215. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization and all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide coverage for immunizations of a child from birth to five years of age as provided by department of health and senior services regulations.

2. Such coverage shall not be subject to any deductible or co-payment limits.

3. The contract issued by a health maintenance organization may provide that the benefits required pursuant to this section shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization, except that the health maintenance organization shall, as a condition of participation, comply with the immunization requirements of state or federally funded health programs.

4. This section shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-

term major medical policies [of six months or less duration] **having a duration of less than one year**, and other supplemental policies as determined by the department of insurance, financial institutions and professional registration.

5. The department of health and senior services shall promulgate rules and regulations to determine which immunizations shall be covered by policies, plans or contracts described in this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024. 6. No health care provider shall charge more than one hundred percent of the reasonable and customary charges for providing any immunization.

376.1218. 1. Any health carrier or health benefit plan that offers or issues health benefit plans, other than Medicaid health benefit plans, which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2006, shall provide coverage for early intervention services described in this section that are delivered by early intervention specialists who are health care professionals licensed by the state of Missouri and acting within the scope of their professions for children from birth to age three identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage shall be limited to three thousand dollars for each covered child per policy per calendar year, with a maximum of nine thousand dollars per child.

2. As used in this section, “health carrier” and “health benefit plan” shall have the same meaning as such terms are defined in section 376.1350.

3. In the event that any health benefit plan is found not to be required to provide coverage under subsection 1 of this section because of preemption by a federal law, including but not limited to the act commonly known as ERISA contained in Title 29 of the United States Code, or in the event that subsection 1 of this section is found to be unconstitutional, then the lead agency shall be responsible for payment and provision of any benefit provided under this section.

4. For purposes of this section, “early intervention services” means medically necessary speech and language therapy, occupational therapy, physical therapy, and assistive technology devices for children from birth to age three who are identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Early intervention services shall include services under an active individualized family service plan that enhance functional ability without effecting a cure. An individualized family service plan is a written plan for providing early intervention services to an eligible child and the child’s family that is adopted in accordance with 20 U.S.C. Section 1436. The Part C early intervention system, on behalf of its contracted regional Part C early intervention system centers and providers, shall be considered the rendering provider of services for purposes of this section.

5. No payment made for specified early intervention services shall be applied by the health carrier or health benefit plan against any maximum lifetime aggregate specified in the policy or health benefit plan if the carrier opts to satisfy its obligations under this section under subdivision (2) of subsection 7 of this section. A health benefit plan shall be billed at the applicable Medicaid rate at the time the covered benefit is delivered, and the health benefit plan shall pay the Part C early intervention system at such rate for benefits covered by this section. Services under the Part C early intervention system shall be delivered as prescribed by the individualized family service plan and an electronic claim filed in accordance with the carrier’s or plan’s standard format. Beginning January 1, 2007, such claims’ payments shall be made in

accordance with the provisions of sections 376.383 and 376.384.

6. The health care service required by this section shall not be subject to any greater deductible, co-payment, or coinsurance than other similar health care services provided by the health benefit plan.

7. (1) Subject to the provisions of this section, payments made during a calendar year by a health carrier or group of carriers affiliated by or under common ownership or control to the Part C early intervention system for services provided to children covered by the Part C early intervention system shall not exceed one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement.

(2) In lieu of reimbursing claims under this section, a carrier or group of carriers affiliated by or under common ownership or control may, on behalf of all of the carrier's or carriers' health benefit plan or plans providing coverage under this section, directly pay the Part C early intervention system by January thirty-first of the calendar year an amount equal to one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement, or five hundred thousand dollars, whichever is less, and such payment shall constitute full and complete satisfaction of the health benefit plan's obligation for the calendar year. Nothing in this subsection shall require a health carrier or health benefit plan providing coverage under this section to amend or modify any provision of an existing policy or plan relating to the payment or reimbursement of claims by the health carrier or health benefit plan.

8. This section shall not apply to a supplemental insurance policy, including a life care contract, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical care policy, policy that is individually underwritten or provides such coverage for specific individuals and members of their families, long-term care policy, or short-term major medical policies [of six months or less duration] **having a duration of less than one year.**

9. Except for health carriers or health benefit plans making payments under subdivision (2) of subsection 7 of this section, the department of insurance, financial institutions and professional registration shall collect data related to the number of children receiving private insurance coverage under this section and the total amount of moneys paid on behalf of such children by private health carriers or health benefit plans. The department shall report to the general assembly regarding the department's findings no later than January 30, 2007, and annually thereafter.

10. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall not sunset.

376.1219. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual and group health service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after September 1, 1997, shall provide coverage for formula and low protein modified food products recommended by a physician for the treatment of a patient with phenylketonuria or any inherited disease of amino and organic acids who is covered under the policy, contract, or plan and who is less than six years of age.

2. For purposes of this section, “low protein modified food products” means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a physician for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

3. The coverage required by this section may be subject to the same deductible for similar health care services provided by the policy, contract, or plan as well as a reasonable coinsurance or co-payment on the part of the insured, which shall not be greater than fifty percent of the cost of the formula and food products, and may be subject to an annual benefit maximum of not less than five thousand dollars per covered child. Nothing in this section shall prohibit a carrier from using individual case management or from contracting with vendors of the formula and food products.

4. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, **short-term major medical policy having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1220. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual or group health service, or indemnity contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state shall provide coverage for newborn hearing screening, necessary rescreening, audiological assessment and follow-up, and initial amplification.

2. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

3. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Coverage for newborn hearing screening and any necessary rescreening and audiological assessment shall be provided to newborns eligible for medical assistance pursuant to section 208.151, and the children’s health program pursuant to sections 208.631 to 208.660, with payment for the newborn hearing screening required in section 191.925, and any necessary rescreening, audiological assessment and follow-up, and amplification as described in section 191.928.

376.1224. 1. For purposes of this section, the following terms shall mean:

(1) “Applied behavior analysis”, the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationships between environment and behavior;

(2) “Autism service provider”:

(a) Any person, entity, or group that provides diagnostic or treatment services for autism spectrum disorders who is licensed or certified by the state of Missouri; or

(b) Any person who is licensed under chapter 337 as a board-certified behavior analyst by the behavior analyst certification board or licensed under chapter 337 as an assistant board-certified behavior analyst;

(3) “Autism spectrum disorders”, a neurobiological disorder, an illness of the nervous system, which includes Autistic Disorder, Asperger’s Disorder, Pervasive Developmental Disorder Not Otherwise Specified, Rett’s Disorder, and Childhood Disintegrative Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association;

(4) “Diagnosis of autism spectrum disorders”, medically necessary assessments, evaluations, or tests in order to diagnose whether an individual has an autism spectrum disorder;

(5) “Habilitative or rehabilitative care”, professional, counseling, and guidance services and treatment programs, including applied behavior analysis, that are necessary to develop the functioning of an individual;

(6) “Health benefit plan”, shall have the same meaning ascribed to it as in section 376.1350;

(7) “Health carrier”, shall have the same meaning ascribed to it as in section 376.1350;

(8) “Line therapist”, an individual who provides supervision of an individual diagnosed with an autism diagnosis and other neurodevelopmental disorders pursuant to the prescribed treatment plan, and implements specific behavioral interventions as outlined in the behavior plan under the direct supervision of a licensed behavior analyst;

(9) “Pharmacy care”, medications used to address symptoms of an autism spectrum disorder prescribed by a licensed physician, and any health-related services deemed medically necessary to determine the need or effectiveness of the medications only to the extent that such medications are included in the insured’s health benefit plan;

(10) “Psychiatric care”, direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices;

(11) “Psychological care”, direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices;

(12) “Therapeutic care”, services provided by licensed speech therapists, occupational therapists, or physical therapists;

(13) “Treatment for autism spectrum disorders”, care prescribed or ordered for an individual diagnosed with an autism spectrum disorder by a licensed physician or licensed psychologist, including equipment medically necessary for such care, pursuant to the powers granted under such licensed physician’s or licensed psychologist’s license, including, but not limited to:

(a) Psychiatric care;

(b) Psychological care;

(c) Habilitative or rehabilitative care, including applied behavior analysis therapy;

(d) Therapeutic care;

(e) Pharmacy care.

2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

3. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder.

4. (1) Coverage provided under this section is limited to medically necessary treatment that is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license, in accordance with a treatment plan.

(2) The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual being treated for an autism spectrum disorder and shall not apply to all individuals being treated for autism spectrum disorders by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. The maximum benefit limitation for applied behavior analysis described in subsection 5 of this section shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially published by the United States Department of Labor, or its successor agency. Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided

under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 of this section shall apply to this subsection.

8. This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

9. To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

(1) The autism service provider, as defined in this section; or

(2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

10. Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

11. The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms “employees” and “health care plans” shall have the same meaning ascribed to them in section 103.003.

12. The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, 2011:

(1) All self-insured governmental plans, as that term is defined in 29 U.S.C. Section 1002(32);

(2) All self-insured group arrangements, to the extent not preempted by federal law;

(3) All plans provided through a multiple employer welfare arrangement, or plans provided through another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, or any waiver or exception to that act provided under federal law or regulation; and

(4) All self-insured school district health plans.

13. The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

14. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit

only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy.

15. Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

16. The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18. The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

19. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

- (a) The total number of insureds diagnosed with autism spectrum disorder;
- (b) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this section;
- (c) The cost of such coverage per insured per month; and
- (d) The average cost per insured for coverage of applied behavior analysis;

(2) All health carriers and health benefit plans subject to the provisions of this section shall provide the department with the data requested by the department for inclusion in the annual report.

376.1225. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1998, shall provide coverage for administration of general anesthesia and hospital charges for dental care provided to the following covered persons:

- (1) A child under the age of five;

(2) A person who is severely disabled; or

(3) A person who has a medical or behavioral condition which requires hospitalization or general anesthesia when dental care is provided.

2. Each plan as described in this section must provide coverage for administration of general anesthesia and hospital or office charges for treatment rendered by a dentist, regardless of whether the services are provided in a participating hospital or surgical center or office.

3. Nothing in this section shall prevent a health carrier from requiring prior authorization for hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions.

4. Nothing in this section shall apply to accident-only, dental-only plans or other specified disease, hospital indemnity, Medicare supplement or long-term care policies, or short-term major medical policies [of six months or less in duration] **having a duration of less than one year.**

376.1230. 1. Every policy issued by a health carrier, as defined in section 376.1350, shall provide coverage for chiropractic care delivered by a licensed chiropractor acting within the scope of his or her practice as defined in chapter 331. The coverage shall include initial diagnosis and clinically appropriate and medically necessary services and supplies required to treat the diagnosed disorder, subject to the terms and conditions of the policy. The coverage may be limited to chiropractors within the health carrier's network, and nothing in this section shall be construed to require a health carrier to contract with a chiropractor not in the carrier's network nor shall a carrier be required to reimburse for services rendered by a nonnetwork chiropractor unless prior approval has been obtained from the carrier by the enrollee. An enrollee may access chiropractic care within the network for a total of twenty-six chiropractic physician office visits per policy period, but may be required to provide the health carrier with notice prior to any additional visit as a condition of coverage. A health carrier may require prior authorization or notification before any follow-up diagnostic tests are ordered by a chiropractor or for any office visits for treatment in excess of twenty-six in any policy period. The certificate of coverage for any health benefit plan issued by a health carrier shall clearly state the availability of chiropractic coverage under the policy and any limitations, conditions, and exclusions.

2. A health benefit plan shall provide coverage for treatment of a chiropractic care condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a chiropractic care condition than for access to treatment for another physical health condition.

3. The provisions of this section shall not apply to any health plan or contract that is individually underwritten.

4. The provisions of this section shall not apply to benefits provided under the Medicaid program.

5. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months' or less duration] **having a duration of less than one year**, or any other similar supplemental policy.

376.1232. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2010, shall offer coverage for prosthetic devices and services, including original and replacement devices, as prescribed by

a physician acting within the scope of his or her practice.

2. For the purposes of this section, “health carrier” and “health benefit plan” shall have the same meaning as defined in section 376.1350.

3. The amount of the benefit for prosthetic devices and services under this section shall be no less than the annual and lifetime benefit maximums applicable to the basic health care services required to be provided under the health benefit plan. If the health benefit plan does not include any annual or lifetime maximums applicable to basic health care services, the amount of the benefit for prosthetic devices and services shall not be subject to an annual or lifetime maximum benefit level. Any co-payment, coinsurance, deductible, and maximum out-of-pocket amount applied to the benefit for prosthetic devices and services shall be no more than the most common amounts applied to the basic health care services required to be provided under the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1235. 1. No health carrier or health benefit plan, as defined in section 376.1350, shall impose a co-payment or coinsurance percentage charged to the insured for services rendered for each date of service by a physical therapist licensed under chapter 334 or an occupational therapist licensed under chapter 324, for services that require a prescription, that is greater than the co-payment or coinsurance percentage charged to the insured for the services of a primary care physician licensed under chapter 334 for an office visit.

2. A health carrier or health benefit plan shall clearly state the availability of physical therapy and occupational therapy coverage under its plan and all related limitations, conditions, and exclusions.

3. Beginning September 1, 2016, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if the provisions of this section regarding occupational therapy coverage were enacted. By December 31, 2016, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker, the president pro tem, and the chairpersons of both the house of representatives and senate standing committees having jurisdiction over health insurance matters. If the fiscal note cost estimation is less than the cost of an actuarial analysis, the actuarial analysis requirement shall be waived.

**4. This section shall not apply to short-term major medical policies having a duration of less than one year.”; and**

Further amend said bill, Page 2, Section 376.1237, Lines 12-17, by deleting said lines and inserting in lieu thereof the following:

“4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months’ or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.”; and

Further amend said bill, page, and section, Line 18, by inserting after all of said section and line the following:

“376.1250. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1999, and providing coverage to any resident of this state shall provide benefits or coverage for:

(1) A pelvic examination and pap smear for any nonsymptomatic woman covered under such policy or contract, in accordance with the current American Cancer Society guidelines;

(2) A prostate examination and laboratory tests for cancer for any nonsymptomatic man covered under such policy or contract, in accordance with the current American Cancer Society guidelines; and

(3) A colorectal cancer examination and laboratory tests for cancer for any nonsymptomatic person covered under such policy or contract, in accordance with the current American Cancer Society guidelines.

2. Coverage and benefits related to the examinations and tests as required by this section shall be at least as favorable and subject to the same dollar limits, deductible, and co-payments as other covered benefits or services.

3. Nothing in this act shall apply to accident-only, hospital indemnity, Medicare supplement, long-term care, or other limited benefit health insurance policies.

4. The provisions of this section shall not apply to short-term major medical policies [of six months or less duration] **having a duration of less than one year.**

5. The attending physician shall advise the patient of the advantages, disadvantages, and risks, including cancer, associated with breast implantation prior to such operation.

6. Nothing in this section shall alter, impair or otherwise affect claims, rights or remedies available pursuant to law.

376.1253. 1. Each physician attending any patient with a newly diagnosed cancer shall inform the patient that the patient has the right to a referral for a second opinion by an appropriate board-certified specialist prior to any treatment. If no specialist in that specific cancer diagnosis area is in the provider network, a referral shall be made to a nonnetwork specialist in accordance with this section.

2. Each health carrier or health benefit plan, as defined in section 376.1350, that offers or issues health benefit plans which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2003, shall provide coverage for a second opinion rendered by a specialist in that specific cancer diagnosis area when a patient with a newly diagnosed cancer is referred to such specialist by his or her attending physician. Such coverage shall be subject to the same deductible and coinsurance conditions applied to other specialist referrals and all other terms and conditions applicable to other benefits, including the prior authorization and/or referral authorization requirements as specified in the applicable health insurance policy.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only,

Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1257. 1. As used in this section the following terms shall mean:

(1) "Anticancer medications", medications used to kill or slow the growth of cancerous cells;

(2) "Covered person", a policyholder, subscriber, enrollee, or other individual enrolled in or insured by a health benefit plan for health insurance coverage;

(3) "Health benefit plan", shall have the same meaning as defined in section 376.1350.

2. Any health benefit plan that provides coverage and benefits for cancer treatment shall provide coverage of prescribed orally administered anticancer medications on a basis no less favorable than intravenously administered or injected anticancer medications.

3. Coverage of orally administered anticancer medication shall not be subject to any prior authorization, dollar limit, co-payment, deductible, or other out-of-pocket expense that does not apply to intravenously administered or injected anticancer medication, regardless of formulation or benefit category determination by the company administering the health benefit plan.

4. The health benefit plan shall not reclassify or increase any type of cost-sharing to the covered person for anticancer medications in order to achieve compliance with this section. Any change in health insurance coverage, which otherwise increases an out-of-pocket expense to anticancer medications, shall be applied to the majority of comparable medical or pharmaceutical benefits covered by the health benefit plan.

5. Notwithstanding the provisions of subsections 2, 3, and 4 of this section, a health benefit plan that limits the total amounts paid by a covered person through all cost-sharing requirements to no more than seventy-five dollars per thirty-day supply for any orally administered anticancer medication shall be considered in compliance with this section. On January 1, 2016, and on January first of each year thereafter, a health benefit plan may adjust such seventy-five dollar limit. The adjustment shall not exceed the Consumer Price Index for All Urban Consumers Midwest Region for that year. For purposes of this subsection "cost-sharing requirements" shall include co-payments, coinsurance, deductibles, and any other amounts paid by the covered person for that prescription.

6. For a health benefit plan that meets the definition of "high deductible health plan" as defined by 26 U.S.C. 223(c)(2), the provisions of subsection 5 of this section shall only apply after a covered person's deductible has been satisfied for the year.

**7. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

**8. The provisions of this section shall become effective January 1, 2015.**

376.1275. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2003, shall include coverage for their members for the cost for human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing must be performed in a facility which is accredited by the American Association of Blood Banks or its successors, and is licensed under the Clinical Laboratory Improvement Act, 42 U.S.C.

Section 263a, as amended, and is accredited by the American Association of Blood Banks or its successors, the College of American Pathologists, the American Society for Histocompatibility and Immunogenetics (ASHI) or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists. At the time of testing, the person being tested must complete and sign an informed consent form which also authorizes the results of the test to be used for participation in the National Marrow Donor Program. The health benefit plan may limit each enrollee to one such testing per lifetime to be reimbursed at a cost of no greater than seventy-five dollars by the health carrier or health benefit plan.

2. For the purposes of this section, “health carrier” and “health benefit plan” shall have the same meaning as defined in section 376.1350.

3. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months’ or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1290. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall offer coverage for testing pregnant women for lead poisoning and for all testing for lead poisoning authorized by sections 701.340 to 701.349 or by rule of the department of health and senior services promulgated pursuant to sections 701.340 to 701.349.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section shall reduce or eliminate coverage as a result of the requirements of this section.

4. Nothing in this section shall apply to **short-term major medical policies having a duration of one year or less, or to** accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care or other limited benefit health insurance policies.

376.1400. 1. Every health insurance carrier offering policies of insurance in this state shall use standardized information for the explanation of benefits given to the health care provider whenever a claim is paid or denied. As used in this section, the term “health insurance carrier” shall have the meaning given to “health carrier” in section 376.1350. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, other limited benefit health insurance policies.

2. The standardized information shall contain the following:

- (1) The name of the insured;
- (2) The insured's identification number;
- (3) The date of service;

3. All health insurance carriers shall use the standard explanation of benefits information after January 1, 2002.

376.1550. 1. Notwithstanding any other provision of law to the contrary, each health carrier that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2005, shall provide coverage for a mental health condition, as defined in this section, and shall comply with the following provisions:

(1) A health benefit plan shall provide coverage for treatment of a mental health condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a mental health condition than for access to treatment for a physical health condition. Any deductible or out-of-pocket limits required by a health carrier or health benefit plan shall be comprehensive for coverage of all health conditions, whether mental or physical;

(2) The coverages set forth in this subsection:

(a) May be administered pursuant to a managed care program established by the health carrier; and

(b) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri;

(3) A health benefit plan that does not otherwise provide for management of care under the plan or that does not provide for the same degree of management of care for all health conditions may provide coverage for treatment of mental health conditions through a managed care organization; provided that the managed care organization is in compliance with rules adopted by the department of insurance, financial institutions and professional registration that assure that the system for delivery of treatment for mental health conditions does not diminish or negate the purpose of this section. The rules adopted by the director shall assure that:

(a) Timely and appropriate access to care is available;

(b) The quantity, location, and specialty distribution of health care providers is adequate; and

(c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment

for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term “health insurance policy” as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term “health insurance policy” shall include group coverage.

2. As used in this section, the following terms mean:

(1) “Chemical dependency”, the psychological or physiological dependence upon and abuse of drugs, including alcohol, characterized by drug tolerance or withdrawal and impairment of social or occupational role functioning or both;

(2) “Health benefit plan”, the same meaning as such term is defined in section 376.1350;

(3) “Health carrier”, the same meaning as such term is defined in section 376.1350;

(4) “Mental health condition”, any condition or disorder defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders except for chemical dependency;

(5) “Managed care organization”, any financing mechanism or system that manages care delivery for its members or subscribers, including health maintenance organizations and any other similar health care delivery system or organization;

(6) “Rate, term, or condition”, any lifetime or annual payment limits, deductibles, co-payments, coinsurance, and other cost-sharing requirements, out-of-pocket limits, visit limits, and any other financial component of a health benefit plan that affects the insured.

3. This section shall not apply to a health plan or policy that is individually underwritten or provides such coverage for specific individuals and members of their families pursuant to section 376.779, sections 376.810 to 376.814, and sections 376.825 to 376.836, a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

5. The provisions of this section shall not be violated if the insurer decides to apply different limits or exclude entirely from coverage the following:

(1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;

(2) Services rendered or billed by a school or halfway house;

(3) Care that is custodial in nature;

- (4) Services and supplies that are not immediately nor clinically appropriate; or
- (5) Treatments that are considered experimental.

6. The director shall grant a policyholder a waiver from the provisions of this section if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that compliance with this section has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder. The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

376.1900. 1. As used in this section, the following terms shall mean:

(1) “Electronic visit”, or “e-visit”, an online electronic medical evaluation and management service completed using a secured web-based or similar electronic-based communications network for a single patient encounter. An electronic visit shall be initiated by a patient or by the guardian of a patient with the health care provider, be completed using a federal Health Insurance Portability and Accountability Act (HIPAA)-compliant online connection, and include a permanent record of the electronic visit;

(2) “Health benefit plan” shall have the same meaning ascribed to it in section 376.1350;

(3) “Health care provider” shall have the same meaning ascribed to it in section 376.1350;

(4) “Health care service”, a service for the diagnosis, prevention, treatment, cure or relief of a physical or mental health condition, illness, injury or disease;

(5) “Health carrier” shall have the same meaning ascribed to it in section 376.1350;

(6) “Telehealth” shall have the same meaning ascribed to it in section 208.670.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, shall not deny coverage for a health care service on the basis that the health care service is provided through telehealth if the same service would be covered if provided through face-to-face diagnosis, consultation, or treatment.

3. A health carrier may not exclude an otherwise covered health care service from coverage solely because the service is provided through telehealth rather than face-to-face consultation or contact between a health care provider and a patient.

4. A health carrier shall not be required to reimburse a telehealth provider or a consulting provider for site origination fees or costs for the provision of telehealth services; however, subject to correct coding, a health carrier shall reimburse a health care provider for the diagnosis, consultation, or treatment of an insured or enrollee when the health care service is delivered through telehealth on the same basis that the health carrier covers the service when it is delivered in person.

5. A health care service provided through telehealth shall not be subject to any greater deductible, co-

payment, or coinsurance amount than would be applicable if the same health care service was provided through face-to-face diagnosis, consultation, or treatment.

6. A health carrier shall not impose upon any person receiving benefits under this section any co-payment, coinsurance, or deductible amount, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services that is not equally imposed upon all terms and services covered under the policy, contract, or health benefit plan.

7. Nothing in this section shall preclude a health carrier from undertaking utilization review to determine the appropriateness of telehealth as a means of delivering a health care service, provided that the determinations shall be made in the same manner as those regarding the same service when it is delivered in person.

8. A health carrier or health benefit plan may limit coverage for health care services that are provided through telehealth to health care providers that are in a network approved by the plan or the health carrier.

9. Nothing in this section shall be construed to require a health care provider to be physically present with a patient where the patient is located unless the health care provider who is providing health care services by means of telehealth determines that the presence of a health care provider is necessary.

10. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration. “; and

**“191.250. 1. This section shall be known and may be cited as “Simon’s Law”.**

**2. As used in this section the following terms shall mean:**

**(1) “End-of-life medical decision order for a child under juvenile or family court jurisdiction”, a decision issued by a juvenile or family court pertaining to life-sustaining treatment, including do-not-resuscitate orders, provided on behalf of and in the best interests of a child under juvenile or family court jurisdiction under section 211.031;**

For a child who is not under juvenile or family court jurisdiction under section 211.031, no health care facility, nursing home, physician, nurse, or medical staff shall institute a do-not-resuscitate order or similar physician’s order, either orally or in writing, without the written or oral consent of at least one parent or legal guardian of the patient or resident under eighteen years of age**

who is not emancipated. If consent to implement a do-not-resuscitate order or similar physician's order is granted orally, two witnesses other than the parent, legal guardian, or physician shall be present and willing to attest to the consent given by the legal guardian of the patient or at least one parent of the patient. The provision of such consent shall be immediately recorded in the patient's medical record, specifying who provided the information, to whom the information was provided, which parent or legal guardian gave the consent, who the witnesses were, and the date and time the consent was obtained.

4. The requirements of subsection 3 of this section shall not apply if a reasonably diligent effort of at least forty-eight hours without success has been made to contact and inform each known parent or legal guardian of the intent to implement a do-not-resuscitate order or similar physician's order.

5. Consent previously given under subsection 3 of this section may be revoked orally or in writing by the parent or legal guardian of the patient or resident who granted the original permission. Such revocation of prior consent shall take precedence over any prior consent to implement a do-not-resuscitate order or similar physician's order and shall be immediately recorded in the patient's or resident's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

For a child under juvenile court jurisdiction under section 211.031, a juvenile or family court may issue an end-of-life medical decision order, a physician's order, or any other medical decision order, or may appoint a guardian for the child for that purpose. The children's division shall not be appointed as guardian for a child to make end-of-life medical decisions, including do-not-resuscitate orders. In the event a child under the jurisdiction of a juvenile or family court under section 211.031 is returned to the custody of the legal guardian or parent, the legal guardian or parent may revoke the consent for the end-of-life medical decisions, or similar physician's orders ordered by the court, including do-not-resuscitate orders for the child. Revocation may be orally or in writing and shall be immediately recorded in the patient's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

7. For the purposes of this section, a relative caregiver under the provisions of section 431.058 shall have the same authority given to a parent or legal guardian of a nonemancipated patient or resident under eighteen years of age, provided that such a patient or resident is not under juvenile or family court jurisdiction under section 211.031.

8. Nothing in this section shall be construed to require any health care facility, nursing home, physician, nurse, or medical staff to provide or continue any treatment, including resuscitative efforts, food, medication, oxygen, intravenous fluids, or nutrition that would be:

(1) Medically inappropriate because, in reasonable medical judgement, providing such treatment would create a greater risk of causing or hastening the death of the patient; or

(2) Medically inappropriate because, in reasonable medical judgement, providing such treatment would be potentially harmful or cause unnecessary pain, suffering, or injury to the patient.

9. Nothing in this section shall require health care providers to continue cardiopulmonary resuscitation or manual ventilation beyond a time in which, in their reasonable medical judgment,

**there is no further benefit to the patient or likely recovery of the patient.”; and**

(4) Promptly notifying the department within ten days of any changes in circumstances affecting the personal care assistance services plan or in the consumer’s place of residence;

(5) Reporting any problems resulting from the quality of services rendered by the personal care attendant to the vendor. If the consumer is unable to resolve any problems resulting from the quality of service rendered by the personal care attendant with the vendor, the consumer shall report the situation to the department; [and]

(6) Providing the vendor with all necessary information to complete required paperwork for establishing the employer identification number; **and**

**(7) Allowing the vendor to comply with its quality assurance and supervision process, which shall include, but not be limited to, bi-annual face-to-face home visits and monthly case management activities.**

2. Participating vendors shall be responsible for:

(1) Collecting time sheets or reviewing reports of delivered services and certifying the accuracy thereof;

(2) The Medicaid reimbursement process, including the filing of claims and reporting data to the department as required by rule;

(3) Transmitting the individual payment directly to the personal care attendant on behalf of the consumer;

(4) Monitoring the performance of the personal care assistance services plan. **Such monitoring shall occur during the bi-annual face-to-face home visits under section 208.918. The vendor shall document whether the attendant was present and if services are being provided to the consumer as set forth in the plan of care.**

3. No state or federal financial assistance shall be authorized or expended to pay for services provided to a consumer under sections 208.900 to 208.927, if the primary benefit of the services is to the household unit, or is a household task that the members of the consumer’s household may reasonably be expected to share or do for one another when they live in the same household, unless such service is above and beyond typical activities household members may reasonably provide for another household member without a

disability.

4. No state or federal financial assistance shall be authorized or expended to pay for personal care assistance services provided by a personal care attendant who is listed on any of the background check lists in the family care safety registry under sections 210.900 to [210.937] **210.936**, unless a good cause waiver is first obtained from the department in accordance with section 192.2495.

5. (1) All vendors shall, by July 1, 2015, have, maintain, and use a telephone tracking system for the purpose of reporting and verifying the delivery of consumer-directed services as authorized by the department of health and senior services or its designee. [Use of such a system prior to July 1, 2015, shall be voluntary.] The telephone tracking system shall be used to process payroll for employees and for submitting claims for reimbursement to the MO HealthNet division. At a minimum, the telephone tracking system shall:

- (a) Record the exact date services are delivered;
- (b) Record the exact time the services begin and exact time the services end;
- (c) Verify the telephone number from which the services are registered;
- (d) Verify that the number from which the call is placed is a telephone number unique to the client;
- (e) Require a personal identification number unique to each personal care attendant;

(g) Be capable of producing reimbursement requests for consumer approval that assures accuracy and compliance with program expectations for both the consumer and vendor.

(2) [The department of health and senior services, in collaboration with other appropriate agencies, including centers for independent living, shall establish telephone tracking system pilot projects, implemented in two regions of the state, with one in an urban area and one in a rural area. Each pilot project shall meet the requirements of this section and section 208.918. The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. The report shall take into consideration the impact of a telephone tracking system on the quality of the services delivered to the consumer and the principles of self-directed care.

(3)] As new technology becomes available, the department may allow use of a more advanced tracking system, provided that such system is at least as capable of meeting the requirements of this subsection.

[(4)] (3) The department of health and senior services shall promulgate by rule the minimum necessary criteria of the telephone tracking system. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

[6. In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.

7. No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of telephony services nor bear the full cost of the pilot program.]

208.918. 1. In order to qualify for an agreement with the department, the vendor shall have a philosophy that promotes the consumer's ability to live independently in the most integrated setting or the maximum community inclusion of persons with physical disabilities, and shall demonstrate the ability to provide, directly or through contract, the following services:

(1) Orientation of consumers concerning the responsibilities of being an employer[,] **and** supervision of personal care attendants including the preparation and verification of time sheets. **Such orientation shall include notifying consumers that falsification of personal care attendant time sheets shall be considered fraud and shall be reported to the department;**

(2) Training for consumers about the recruitment and training of personal care attendants;

(3) Maintenance of a list of persons eligible to be a personal care attendant;

(4) Processing of inquiries and problems received from consumers and personal care attendants;

(5) Ensuring the personal care attendants are registered with the family care safety registry as provided in sections 210.900 to [210.937] **210.936**; and

(6) The capacity to provide fiscal conduit services through a telephone tracking system by the date required under section 208.909.

2. In order to maintain its agreement with the department, a vendor shall comply with the provisions of subsection 1 of this section and shall:

(2) **Attest that all adequate documentation for all information is provided on reports, and billing records have sufficient required documentation to support the amounts claimed;**

(3) Demonstrate a positive impact on consumer outcomes regarding the provision of personal care assistance services as evidenced on accurate quarterly and annual service reports submitted to the department;

[(3)] (4) Implement a quality assurance and supervision process that ensures program compliance and accuracy of records:

(a) **The department of health and senior services shall promulgate by rule a consumer-directed services division provider certification manager course; and**

(b) **The vendor shall perform with the consumer at least bi-annual face-to-face home visits to provide ongoing monitoring of the provision of services in the plan of care and assess the quality of care being delivered. The bi-annual face-to-face home visits do not preclude the vendor's responsibility from its ongoing diligence of case management oversight; [and**

[(4)] **(5)** Comply with all provisions of sections 208.900 to 208.927, and the regulations promulgated thereunder; **and**

**(6) Maintain a proper business location, the criteria for which shall be defined by the department of health and senior services by rule.**

**3. No state or federal funds shall be authorized or expended if the owner, primary operator, certified manager, or any direct employee of the consumer-directed services vendor is also the personal care attendant.**

208.924. A consumer's personal care assistance services may be discontinued under circumstances such as the following:

(1) The department learns of circumstances that require closure of a consumer's case, including one or more of the following: death, admission into a long-term care facility, no longer needing service, or inability of the consumer to consumer-direct personal care assistance service;

(2) The consumer has falsified records; **provided false information of his or her condition, functional capacity, or level of care needs;** or committed fraud;

(3) The consumer is noncompliant with the plan of care. Noncompliance requires persistent actions by the consumer which negate the services provided in the plan of care;

(4) The consumer or member of the consumer's household threatens or abuses the personal care attendant or vendor to the point where their welfare is in jeopardy and corrective action has failed;

(5) The maintenance needs of a consumer are unable to continue to be met because the plan of care hours exceed availability; and

(6) The personal care attendant is not providing services as set forth in the personal care assistance services plan and attempts to remedy the situation have been unsuccessful.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

**6. Notwithstanding any other provision of law, a person or entity that acquires and places a trauma kit for emergency care in a structure shall not be liable for any civil damages resulting from any acts or omissions in the rendering of emergency care by use of the trauma kit if that person or entity has complied with subsection 5 of this section.**

**7. Any person who gratuitously and in good faith renders emergency care or treatment by the use of a trauma PAK at the scene of an emergency shall not be held liable for any civil damages as a result of such care or treatment, unless the person acts in a willful and wanton or reckless manner in**

**providing the care or treatment. The person or entity who provides appropriate training to the person using the trauma PAK, the person or entity responsible for the site where the trauma PAK is located, the person or entity that owns the trauma PAK, the person or entity that provided clinical protocol for trauma PAK sites or programs, and the person or entity that reviews and approves the clinical protocol shall likewise not be held liable for civil damages resulting from the use of a trauma PAK. Nothing in this section shall affect any claims brought pursuant to chapter 537 or 538. # Journal of the Senate

## SECOND REGULAR SESSION

---

**SIXTY-EIGHTH DAY—THURSDAY, MAY 10, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“A little stress is like salt, it flavors the moment ...but excessive stress is killing us.” (Hans Seale)

Heavenly Father, you know that many of us thrive on the stress to accomplish those things we have set for us to complete and it excites us and gives us a sense of purpose. But we know in these closing days there is very much to be accomplished and our little stress is compounded and our bodies and spirits are starting to feel its negative effects, so we pray that Your calming presence may be with us and our hearts and minds find the serenity they need. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

(7) The health carrier's process for enabling enrollees to change primary care professionals;

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

(1) The managed care plan is a Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal Centers for Medicare and Medicaid Services;

(2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;

(3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. If the accreditation applies to only a portion of the managed care plan's network, only the accredited portion will be deemed adequate; [or]

(3) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

- (3) The health care professional's usual charge for comparable services provided;
- (4) The circumstances and complexity of the particular case, including the time and place the services were provided; and

(4) “Grant”, the veteran’s survivors grant as established in this section;

(5) “Institution of postsecondary education”, any approved Missouri public institution of postsecondary education, as defined in subdivision (3) of **subsection 1 of** section 173.1102;

(6) “Qualifying military member”, any member of the military of the United States, whether active duty, reserve, or National Guard, who served in the military after September 11, 2001, during time of war and for whom the following criteria apply:

(a) A veteran was a Missouri resident when first entering the military service or at the time of death or injury;

(b) A veteran died or was injured as a result of combat action or a veteran’s death or injury was certified by the Department of Veterans’ Affairs medical authority to be attributable to an illness or accident that occurred while serving in combat, or became eighty percent disabled as a result of injuries or accidents sustained in combat action after September 11, 2001; and

(c) “Combat veteran”, a Missouri resident who is discharged for active duty service having served since September 11, 2001, and received a DD214 in a geographic area entitled to receive combat pay tax exclusion exemption, hazardous duty pay, or imminent danger pay, or hostile fire pay;

(8) “Tuition”, any tuition or incidental fee, or both, charged by an institution of postsecondary

education for attendance at the institution by a student as a resident of this state. The tuition grant shall not exceed the amount of tuition charged a Missouri resident at the University of Missouri-Columbia for attendance.

2. Within the limits of the amounts appropriated therefor, the coordinating board for higher education shall award annually up to twenty-five grants to survivors of qualifying military members to attend institutions of postsecondary education in this state, which shall continue to be awarded annually to eligible recipients as long as the recipient achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. If the waiting list of eligible survivors exceeds fifty, the coordinating board may petition the general assembly to expand the quota. If the quota is not expanded, then the eligibility of survivors on the waiting list shall be extended.

7. A survivor who is enrolled or has been accepted for enrollment as an undergraduate postsecondary student at an approved institution of postsecondary education, and who is selected to receive a grant under this section, shall receive the following:

8. A survivor who is a recipient of a grant may transfer from one approved public institution of postsecondary education to another without losing his or her entitlement under this section. The board shall make necessary adjustments in the amount of the grant. If a grant recipient at any time withdraws from the institution of postsecondary education so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees, room and board, books, or other charges, the institution shall pay the portion of the refund to which he or she is entitled attributable to the grant for

that semester or similar grading period to the board.

9. If a survivor is granted financial assistance under any other student aid program, public or private, the full amount of such aid shall be reported to the board by the institution and the eligible survivor.

11. The benefits conferred by this section shall be available to any academically eligible student of a qualifying military member. Surviving children who are eligible shall be permitted to apply for full benefits conferred by this section until they reach twenty-five years of age.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall be reauthorized as of June 13, 2016, and shall expire on August 28, 2020, unless reauthorized by an act of the general assembly; and

# Journal of the Senate

## SECOND REGULAR SESSION

---

**SIXTY-NINTH DAY—FRIDAY, MAY 11, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“Comfort ye, comfort ye my people, saith your God.” (Isaiah 40:1)

Blessed Lord, it continues to be “an interesting time” for us to be here, with increased burdens and obligations called forth from us. May we be comforted with the knowledge of your abiding concern for us and that you willingly give us energy and endurance so we may be up to the task before us. As we complete today’s requirements and drive home, ride with us to calm our hearts and give us patience in our trip home so we may arrive safely and ready to embrace the love that awaits us. In Your Holy Name we pray. Amen.

If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.**

[4.] **5. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:**

**(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long**

as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

[5.] **6.** In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

**7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty day period from the date of such notice to submit additional evidence to remedy the failure.**

[6.] **8.** All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within [two years] **nine months** of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

[7.] **9.** To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions

credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[8.] **10.** Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection [3] **4** of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

[9.] **11.** The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.”; and

**(2) Thirty-seven and one-half percent of the revenue derived from the four percent fee charged on tax credits issued under sections 253.545 to 253.559 shall be appropriated from the economic development advancement fund for business recruitment and marketing.**

3. There is hereby created in the state treasury the “Economic Development Advancement Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. 5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. **No tax credit authorized under this subsection shall be issued after August 28, 2018.** For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (10) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area

in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (8) of section 135.100 which is used at and in connection with the eligible project. New qualified investment shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 and 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater

of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section may apply, shall be determined in the same manner as prescribed in subdivision (5) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (5) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of

time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing."; and

"[135.680. 1. As used in this section, the following terms shall mean:

(1) "Adjusted purchase price", the product of:

(a) The amount paid to the issuer of a qualified equity investment for such qualified equity investment; and

(b) The following fraction:

a. The numerator shall be the dollar amount of qualified low-income community investments held by the issuer in this state as of the credit allowance date during the applicable tax year; and

b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been

sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

(b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in

subsection 2 of this section. This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) “Qualified low-income community investment”, any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) “Tax credit”, a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;

(10) “Taxpayer”, any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer’s state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer’s five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.]

[135.682. 1. The director of the department of economic development or the director's designee shall issue letter rulings regarding the tax credit program authorized under section 135.680, subject to the terms and conditions set forth in this section. The director of the department of economic development may impose additional terms and conditions consistent with this section to requests for letter rulings by regulation promulgated under chapter 536. For the purposes of this section, the term "letter ruling" means a written interpretation of law to a specific set of facts provided by the applicant requesting a letter ruling.

2. The director or director's designee shall respond to a request for a letter ruling within sixty days of receipt of such request. The applicant may provide a draft letter ruling for the department's consideration. The applicant may withdraw the request for a letter ruling, in writing, prior to the issuance of the letter ruling. The director or the director's designee may refuse to issue a letter ruling for good cause, but must list the specific reasons for refusing to issue the letter ruling. Good cause includes, but is not limited to:

(1) The applicant requests the director to determine whether a statute is constitutional or a regulation is lawful;

(2) The request involves a hypothetical situation or alternative plans;

(3) The facts or issues presented in the request are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue a letter ruling; and

(4) The issue is currently being considered in a rulemaking procedure, contested case, or other agency or judicial proceeding that may definitely resolve the issue.

3. Letter rulings shall bind the director and the director's agents and their successors until such time as the taxpayer or its shareholders, members, or partners, as applicable, claim all of such tax credits on a Missouri tax return, subject to the terms and conditions set forth in properly published regulations. The letter ruling shall apply only to the applicant.

4. Letter rulings issued under the authority of this section shall not be a rule as defined in section 536.010 in that it is an interpretation issued by the department with respect to a specific set of facts and intended to apply only to that specific set of facts, and therefore shall not be subject to the rulemaking requirements of chapter 536.

5. Information in letter ruling requests as described in section 620.014 shall be closed to the public. Copies of letter rulings shall be available to the public provided that the applicant identifying information and otherwise protected information is redacted from the letter ruling as provided in subsection 1 of section 610.024.]"; and

The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to

the project, or has publicly announced its intention to make new capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.”; and

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 86

WHEREAS, Missouri was part of the 1803 Louisiana Purchase and became a state in 1821; and

WHEREAS, the terms of Missouri's statehood included that Missouri would be the only state north of the Mason-Dixon line that was a slave state; and

WHEREAS, the tensions in the nation regarding racial equality, or lack thereof, have played out in profound ways in the state of Missouri; and

WHEREAS, St. Louis, being situated on the Mississippi River, was uniquely positioned to be a destination for the slave trade; and

WHEREAS, tensions of human inequality are profoundly apparent in the history of the state; and

WHEREAS, when persons with African ancestry in Missouri sued for their freedom, such freedom was routinely granted; and

WHEREAS, the tension in the nation over the issue of slavery and human inequality resulted in Dred and Harriet Scott, persons with African ancestry, being denied freedom in this state in a decision by the Missouri Supreme Court on March 22, 1852, and such decision was affirmed by the United States Supreme Court on March 6, 1857; and

WHEREAS, the March 22, 1852, Dred Scott decision is a negative legacy for this state and antithetical to the nation's founding values, specifically the tenet that all men are created equal; and

WHEREAS, the Dred Scott decision's assertion that people of African ancestry "had for more than a century before been regarded as beings of an inferior order, and altogether unfit to associate with the white race, either in social or political relations; and so far inferior, that they had no rights which the white man was bound to respect; and that the negro might justly and lawfully be reduced to slavery for his benefit" was an expression of racism and a precursor to Jim Crow laws, which perpetrated over a century of injustice; and

WHEREAS, all political power is vested in and derived from the people, under God; and

WHEREAS, all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole; and

WHEREAS, all constitutional government is intended to promote the general welfare of all people; and

WHEREAS, all persons have a natural right to life, liberty, and the pursuit of happiness; and

WHEREAS, no person shall be deprived of life, liberty, or property without the due process of law; and

WHEREAS, all human beings are created equal and are entitled to equal rights and opportunity under the law; and

WHEREAS, Missouri will never again deny legal protection to a class of human beings on the grounds that they are less than human; and

WHEREAS, it is time to draw a line between Missouri's history which encompassed such inhumane and unfair treatment to our citizens, and the present and future Missouri which aims to be a place of equal treatment for all:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-ninth General Assembly, Second Regular Session, the Senate concurring therein, hereby condemn the March 22, 1852, Dred Scott decision issued by the Missouri Supreme Court.

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Governor, the Clerk of the Supreme Court of Missouri, the justices of the Supreme Court of Missouri, and the members of the Missouri congressional delegation.

In which the concurrence of the Senate is respectfully requested.

President Pro Tem Richard assumed the Chair

4. This program shall be used as an intermediate sanction by the department. The program may include education, treatment and rehabilitation programs. If an offender successfully completes the institutional phase of the program, the department shall notify the board of probation and parole within thirty days of completion. 7. Time spent in the program shall count as time served on the sentence.

**8. If an offender requires treatment for opioid or other substance misuse or dependence, the department shall not prohibit such offender from participating in and receiving medication-assisted treatment under the care of a physician licensed in this state to practice medicine. An offender shall not be required to refrain from using medication-assisted treatment as a term or condition of his or her sentence.**

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

[To be eligible to practice as an assistant physician, a licensed assistant physician shall enter into an assistant physician collaborative practice arrangement within six months of his or her initial licensure and shall not have more than a six-month time period between collaborative practice arrangements]

during his or her licensure period.] Any renewal of licensure under this section shall include verification of actual practice under a collaborative practice arrangement in accordance with this subsection during the immediately preceding licensure period.

**7. Each health carrier or health benefit plan that offers or issues health benefit plans that are delivered, issued for delivery, continued, or renewed in this state shall reimburse an assistant physician for the diagnosis, consultation, or treatment of an insured or enrollee on the same basis that the health carrier or health benefit plan covers the service when it is delivered by another comparable mid-level health care provider including, but not limited to, a physician assistant.**

Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician's skill, training, and competence and the skill and training of the collaborating physician.

2. The written collaborative practice arrangement shall contain at least the following provisions:

L. 95-210 [.] (42 U.S.C. Section 1395x), as amended**, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(8) The duration of the written practice agreement between the collaborating physician and the assistant physician;

(9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. 4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant

physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent assistant physicians, **full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof.** Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.**

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. **No rule or regulation shall require the collaborating physician to review more than ten percent of the assistant physician's patient charts or records during such one-month period.** Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and

assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, **except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.** Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009, **or assistant physicians providing opioid addiction treatment.**

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic

controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. **An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patient's receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.**

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(8) The duration of the written practice agreement between the collaborating physician and the advanced

practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.**

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

(2) For a physician-physician assistant team working in a **certified community behavioral health clinic as defined by P.L. 113-93 and a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, or a federally qualified health center as defined in 42 U.S.C. Prescribing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; except that, nothing in this subsection shall be construed to prohibit a physician assistant from enrolling with the department of social services as a MO HealthNet or Medicaid provider while acting under a supervision agreement between the physician and physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician **or collaborating physician** for more than [three] **six** full-time equivalent licensed physician assistants, **full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.**

(b) The quantity, location, and specialty distribution of health care providers is adequate; and

(c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment for any insured;

The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Notwithstanding the provisions of subsection 2 of this section, when a death occurs under the care of a hospice, no investigation shall be required if the death is certified by the treating physician of the deceased or the medical director of the hospice. The hospice shall provide written notice to the medical examiner within twenty-four hours of the death.**

[3.] 4. In any case of sudden, violent or suspicious death after which the body was buried without any investigation or autopsy, the medical examiner, upon being advised of such facts, may at his own discretion request that the prosecuting attorney apply for a court order requiring the body to be exhumed.

[4.] 5. The medical examiner shall certify the cause of death in any case where death occurred without medical attendance or where an attending physician refuses to sign a certificate of death, and may sign a certificate of death in the case of any death.

[5.] 6. When the cause of death is established by the medical examiner, he shall file a copy of his findings in his office within thirty days after notification of the death.

[6.] 7. (1) When a person is being transferred from one county to another county for medical treatment and such person dies while being transferred, or dies while being treated in the emergency room of the receiving facility, the place which the person is determined to be dead shall be considered the place of death and the county coroner or the medical examiner of the county from which the person was originally being transferred shall be responsible for determining the cause and manner of death for the Missouri certificate of death.

(2) The coroner or medical examiner in the county in which the person is determined to be dead may, with authorization of the coroner or medical examiner from the transferring county, investigate and conduct postmortem examinations at the expense of the coroner or medical examiner from the transferring county. The coroner or medical examiner from the transferring county shall be responsible for investigating the circumstances of such and completing the Missouri certificate of death. The certificate of death shall be filed in the county where the deceased was pronounced dead.

(3) Such coroner or medical examiner, or the county where a person is determined to be dead, shall immediately notify the coroner or medical examiner of the county from which the person was originally being transferred of the death of such person and shall make available information and records obtained for investigation of death.

(4) If a person does not die while being transferred and is institutionalized as a regularly admitted patient after such transfer and subsequently dies while in such institution, the coroner or medical examiner of the county in which the person is determined to be dead shall immediately notify the coroner or medical examiner of the county from which such person was originally transferred of the death of such person. In such cases, the county in which the deceased was institutionalized shall be considered the place of death. If the manner of death is by homicide, suicide, accident, criminal abortion including those that are self-induced, child fatality, or any unusual or suspicious manner, the investigation of the cause and manner of death shall revert to the county of origin, and this coroner or medical examiner shall be responsible for the Missouri certificate of death. The certificate of death shall be filed in the county where the deceased was pronounced dead.

[7.] 8. There shall not be any statute of limitations or time limits on cause of death when death is the final result or determined to be caused by homicide, suicide, accident, criminal abortion including those self-induced, child fatality, or any unusual or suspicious manner. The place of death shall be the place in which the person is determined to be dead, but the final investigation of death determining the cause and manner of death shall revert to the county of origin, and this coroner or medical examiner shall be responsible for the Missouri certificate of death. The certificate of death shall be filed in the county where the deceased was pronounced dead.

[8.] 9. Except as provided in subsection [6] 7 of this section, if a person dies in one county and the body is subsequently transferred to another county, for burial or other reasons, the county coroner or medical examiner where the death occurred shall be responsible for the certificate of death and for investigating the cause and manner of the death.

[9.] 10. In performing the duties, the coroner or medical examiner shall comply with sections 58.775 to 58.785 with respect to organ donation.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

An Act to repeal sections 478.375, 478.600, 478.625, and 488.2250, RSMo, and to enact in lieu thereof three new sections relating to court administration.

With House Amendment Nos. 1 and 2.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 871, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“455.513. 1. **The court may immediately issue an ex parte order of protection** upon the filing of a verified petition under sections 455.500 to 455.538, for good cause shown in the petition, and upon finding that:

(1) No prior order regarding custody **involving the respondent and the child** is pending or has been made; or [that]

(2) The respondent is less than seventeen years of age[, the court may immediately issue an ex parte order of protection].

An immediate and present danger of domestic violence, stalking, or sexual assault to a child shall constitute good cause for purposes of this section. An ex parte order of protection entered by the court shall be in effect until the time of the hearing. The court shall deny the ex parte order and dismiss the petition if the petitioner is not authorized to seek relief pursuant to section 455.505.

2. Upon the entry of the ex parte order of protection, the court shall enter its order appointing a guardian ad litem or court-appointed special advocate to represent the child victim.

3. If the allegations in the petition would give rise to jurisdiction under section 211.031, the court may direct the children’s division to conduct an investigation and to provide appropriate services. The division shall submit a written investigative report to the court and to the juvenile officer within thirty days of being ordered to do so. The report shall be made available to the parties and the guardian ad litem or court-appointed special advocate.

4. If the allegations in the petition would give rise to jurisdiction under section 211.031 because the respondent is less than seventeen years of age, the court may issue an ex parte order and shall transfer the case to juvenile court for a hearing on a full order of protection. Service of process shall be made pursuant to section 455.035.”; and

Further amend said bill, Page 2, Section 478.625, Line 7, by inserting immediately after said section and line the following:

“483.075. 1. Every clerk shall record the judgments, rules, orders and other proceedings of the court; issue and attest all process when required by law and affix the seal of his office thereto, or if none be provided, then his private seal; keep a perfect account of all moneys coming into his hands on account of costs or otherwise, and punctually pay over the same.

2. Provided, that where the clerk of the circuit court is a party, plaintiff or defendant, whether singly or jointly with others, to a suit or action, the writ of summons and all other process shall be issued by the clerk of the county commission, the reason therefor being noted on said process, and said latter named clerk shall, on the trial of said cause, act as temporary clerk of the circuit court and otherwise perform in said cause all the duties of the circuit court clerk. **This subsection shall not apply where the clerk of the circuit court is named as a party under sections 610.130 to 610.145 or other sections relating to the expungement**

**of criminal records.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

#### HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 871, Page 3, Section 488.2250, Line 19, by inserting after all of said section and line the following:

“516.105. **1.** All actions against physicians, hospitals, dentists, registered or licensed practical nurses, optometrists, podiatrists, pharmacists, chiropractors, professional physical therapists, mental health professionals licensed under chapter 337, and any other entity providing health care services and all employees of any of the foregoing acting in the course and scope of their employment, for damages for malpractice, negligence, error or mistake related to health care shall be brought within two years from the date of occurrence of the act of neglect complained of, except that:

(1) In cases in which the act of neglect complained of is introducing and negligently permitting any foreign object to remain within the body of a living person, the action shall be brought within two years from the date of the discovery of such alleged negligence, or from the date on which the patient in the exercise of ordinary care should have discovered such alleged negligence, whichever date first occurs; and

(2) In cases in which the act of neglect complained of is the negligent failure to inform the patient of the results of medical tests, the action for failure to inform shall be brought within two years from the date of the discovery of such alleged negligent failure to inform, or from the date on which the patient in the exercise of ordinary care should have discovered such alleged negligent failure to inform, whichever date first occurs; except that, no such action shall be brought for any negligent failure to inform about the results of medical tests performed more than two years before August 28, 1999. For purposes of this subdivision, the act of neglect based on the negligent failure to inform the patient of the results of medical tests shall not include the act of informing the patient of the results of negligently performed medical tests or the act of informing the patient of erroneous test results; and

(3) In cases in which the person bringing the action is a minor less than eighteen years of age, such minor shall have until his or her twentieth birthday to bring such action.

In no event shall any action for damages for malpractice, error, or mistake be commenced after the expiration of ten years from the date of the act of neglect complained of or for two years from a minor’s eighteenth birthday, whichever is later.

**2. If such service is not made on a defendant within one hundred eighty days of the filing of the petition, the court shall dismiss the action against the defendant. The dismissal shall be without prejudice unless the plaintiff has previously taken or suffered a nonsuit, in which case the dismissal shall be with prejudice.**

537.100. **1.** Every action instituted under section 537.080 shall be commenced within three years after the cause of action shall accrue; provided, that if any defendant, whether a resident or nonresident of the

**2. Any service on a defendant by a plaintiff after the statute of limitations set forth in subsection 1 of this section has expired or after the expiration of any extension of the time provided to commence an action pursuant to law shall be made within one hundred eighty days of the filing of the petition. If such service is not made on a defendant within one hundred eighty days of the filing of the petition, the court shall dismiss the action against the defendant. The dismissal shall be without prejudice unless the plaintiff has previously taken or suffered a nonsuit, in which case the dismissal shall be with prejudice.”; and**

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 2562, Page 1, Section A, Line 11, by inserting after all of said line the following:

“67.398. 1. The governing body of any city or village, or any county having a charter form of government, or any county of the first classification that contains part of a city with a population of at least three hundred thousand inhabitants, may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of a nuisance including, but not limited to, debris of any kind, weed cuttings, cut, fallen, or hazardous trees and shrubs, overgrown vegetation and noxious weeds which are seven inches or more in height, rubbish and trash, lumber not piled or stacked twelve inches off the ground, rocks or bricks, tin, steel, parts of derelict cars or trucks, broken furniture, any flammable material which may endanger public safety or any material or condition which is unhealthy or unsafe and declared to be a public nuisance.

2. The governing body of any home rule city with more than four hundred thousand inhabitants and located in more than one county may enact ordinances for the abatement of a condition of any lot or land that has vacant buildings or structures open to entry.

3. Any ordinance authorized by this section shall provide for service to the owner of the property [and, if the property is not owner-occupied, to any occupant of the property] of a written notice specifically describing each condition of the lot or land declared to be a public nuisance, and which notice shall identify what action will remedy the public nuisance. Unless a condition presents an immediate, specifically identified risk to the public health or safety, the notice shall provide a reasonable time, not less than ten days, in which to abate or commence removal of each condition identified in the notice. Written notice may be given by personal service or by first-class mail to [both the occupant of the property at the property address and] the owner at the last known address of the owner[, if not the same]. Upon a failure of the owner to pursue the removal or abatement of such nuisance without unnecessary delay, the building commissioner or designated officer may cause the condition which constitutes the nuisance to be removed or abated. If the building commissioner or designated officer causes such condition to be removed or abated, the cost of such removal or abatement and the proof of notice to the owner of the property shall be certified to the city clerk or officer in charge of finance who shall cause the certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the collecting official's option, for the property and the certified cost shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property from the date the tax bill is delinquent until paid.

67.410. 1. Except as provided in subsection 3 of this section, any ordinance enacted pursuant to section 67.400 shall:

(1) Set forth those conditions detrimental to the health, safety or welfare of the residents of the city, town, village, or county the existence of which constitutes a nuisance;

(2) Provide for duties of inspectors with regard to such buildings or structures and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such buildings or structures;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the property is to be vacated, if such be the case, reconditioned or removed, listing a reasonable time for commencement; and may provide that such notice be served either by personal service [or], by certified mail, return receipt requested, **or by a private delivery service that is substantially equivalent to certified mail**, but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the building or structure as shown by the land records of the recorder of deeds of the county wherein the land is located shall be made parties;

(4) Provide that upon failure to commence work of reconditioning or demolition within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter, giving the affected parties at least ten days' written notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. After the hearings, if the evidence supports a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, the building commissioner or designated officer or officers shall issue an order making specific findings of fact, based upon competent and substantial evidence, which shows the building or structure to be a nuisance and detrimental to the health, safety, or welfare of the residents of the city, town, village, or county and ordering the building or structure to be demolished and removed, or repaired. If the evidence does not support a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, no order shall be issued;

(5) Provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is demolished, secured, or repaired, or the property is cleaned up, the cost of performance shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill or assessment therefor against the property to be prepared and collected by the city collector or other official collecting taxes, unless the building or structure is demolished, secured or repaired by a contractor pursuant to an order issued by the city, town, village, or county and such contractor files a mechanic's lien against the property where the dangerous building is located. The contractor may enforce this lien as provided in sections 429.010 to 429.360. Except as provided in subsection 3 of this section, at the request of the taxpayer the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid. A city not within a county or a city with a population of at least four hundred thousand located in more than one county, notwithstanding any charter provision to the contrary, may, by ordinance, provide that upon determination by the city that a public benefit will be gained the city may discharge the special tax bill, including the costs of tax collection, accrued interest and attorneys fees, if any.

2. If there are proceeds of any insurance policy based upon a covered claim payment made for damage or loss to a building or other structure caused by or arising out of any fire, explosion, or other casualty loss, the ordinance may establish a procedure for the payment of up to twenty-five percent of the insurance proceeds, as set forth in this subsection. The order or ordinance shall apply only to a covered claim payment which is in excess of fifty percent of the face value of the policy covering a building or other structure:

(1) The insurer shall withhold from the covered claim payment up to twenty-five percent of the covered claim payment, and shall pay such moneys to the city to deposit into an interest-bearing account. Any

named mortgagee on the insurance policy shall maintain priority over any obligation under the order or ordinance;

(2) The city or county shall release the proceeds and any interest which has accrued on such proceeds received under subdivision (1) of this subsection to the insured or as the terms of the policy and endorsements thereto provide within thirty days after receipt of such insurance moneys, unless the city or county has instituted legal proceedings under the provisions of subdivision (5) of subsection 1 of this section. If the city or county has proceeded under the provisions of subdivision (5) of subsection 1 of this section, all moneys in excess of that necessary to comply with the provisions of subdivision (5) of subsection 1 of this section for the removal, securing, repair and cleanup of the building or structure, and the lot on which it is located, less salvage value, shall be paid to the insured;

(3) If there are no proceeds of any insurance policy as set forth in this subsection, at the request of the taxpayer, the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be a lien on the property until paid;

(4) This subsection shall apply to fire, explosion, or other casualty loss claims arising on all buildings and structures;

(5) This subsection does not make the city or county a party to any insurance contract, and the insurer is not liable to any party for any amount in excess of the proceeds otherwise payable under its insurance policy.

3. The governing body of any city not within a county and the governing body of any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county may enact their own ordinances pursuant to section 67.400 and are exempt from subsections 1 and 2 of this section.

4. Notwithstanding the provisions of section 82.300, any city may prescribe and enforce and collect fines and penalties for a breach of any ordinance enacted pursuant to section 67.400 or this section and to punish the violation of such ordinance by a fine or imprisonment, or by both fine and imprisonment. Such fine may not exceed one thousand dollars, unless the owner of the property is not also a resident of the property, then such fine may not exceed two thousand dollars.

5. The ordinance may also provide that a city not within a county or a city with a population of at least three hundred fifty thousand located in more than one county may seek to recover the cost of demolition prior to the occurrence of demolition, as described in this subsection. The ordinance may provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is ordered to be demolished, secured or repaired, and the owner has been given an opportunity for a hearing to contest such order, then the building commissioner or other designated officer or officers may solicit no less than two independent bids for such demolition work. The amount of the lowest bid, including offset for salvage value, if any, plus reasonable anticipated costs of collection, including attorney's fees, shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill to be issued against the property owner to be prepared and collected by the city collector or other official collecting taxes. The municipal clerk or other officer in charge of finance shall discharge the special tax bill upon documentation by the property owner of the completion of the ordered repair or demolition work. Upon determination by the municipal clerk or other officer in charge of finance that a public benefit is secured prior to payment of the special tax bill, the municipal clerk or other officer in charge of finance may

discharge the special tax bill upon the transfer of the property. The payment of the special tax bill shall be held in an interest-bearing account. Upon full payment of the special tax bill, the building commissioner or other designated officer or officers shall, within one hundred twenty days thereafter, cause the ordered work to be completed, and certify the actual cost thereof, including the cost of tax bill collection and attorney's fees, to the city clerk or other officer in charge of finance who shall, if the actual cost differs from the paid amount by greater than two percent of the paid amount, refund the excess payment, if any, to the payor, or if the actual amount is greater, cause a special tax bill or assessment for the difference against the property to be prepared and collected by the city collector or other official collecting taxes. If the building commissioner or other designated officer or officers shall not, within one hundred twenty days after full payment, cause the ordered work to be completed, then the full amount of the payment, plus interest, shall be repaid to the payor. Except as provided in subsection 2 of this section, at the request of the taxpayer the tax bill for the difference may be paid in installments over a period of not more than ten years. The tax bill for the difference from the date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid.

**82.462. 1. Except as provided in subsection 4 of this section, a person who is not the owner of the real property or who is a creditor holding a lien interest on the property, and who suspects that the real property may be abandoned, may enter upon the premises of the real property to do the following:**

**(1) Without entering any structure located on the real property, visually inspect the real property to determine whether the real property may be abandoned;**

**3. The owner of the real property upon which a person enters and conducts the actions permitted in subsection 1 of this section shall be immune from civil liability for any injury sustained by the person, unless the injury resulted from the owner's gross negligence or willful, wanton, or intentional misconduct.**

**4. In the case of real property that is subject to a mortgage or deed of trust, the creditor holding the debt secured by the mortgage or deed of trust may not enter upon the premises of the real property under subsection 1 of this section if entry is barred by an automatic stay issued by a bankruptcy court.**

**5. For purposes of this section, “abandoned” property means:**

**(1) A vacant, unimproved lot zoned residential or commercial for which the owner is in violation of a municipal nuisance or property maintenance code; or**

**(2) With respect to actions taken pursuant to this section by a creditor holding a lien interest in the property, a property that contains a structure or building that has been continuously unoccupied by persons legally entitled to possession for at least six months prior to entry under this section and the creditor’s debt secured by such lien interest has been continuously delinquent for not less than three months; or**

Such notice shall be published in at least one newspaper of general circulation as defined in section 493.050 in such political subdivision or district by the first of the month in which the election would have occurred, had it been contested. Notwithstanding any other provision of law to the contrary, if at any election the number of candidates filing for a particular office exceeds the number of positions to be filled at such election, the election authority shall hold the election as scheduled, even if a sufficient number of candidates withdraw

“590.650. 1. The provisions of this section shall be known and may be cited as “The Fourth Amendment Affirmation Act”. As used in this section [“minority group” means individuals of African, Hispanic, Native American or Asian descent] the following terms mean:

(1) “Benchmark”, the number used as a basis of comparison in determining possible disproportions in law enforcement activities, including the following:

(a) The benchmark for measuring disproportions in vehicle stops shall be the proportions of drivers in racial or ethnic groups residing or traveling in a jurisdiction;

(b) The benchmark for measuring disproportions in post-stop activities shall be the racial or ethnic group’s proportion of stops; and

(c) The benchmark used to measure disproportions in hit rates shall be the group proportions of drivers searched;

(2) “Consent search”, a search authorized by the consent of the individual, not by probable cause;

(3) “Discriminatory policing”, circumstances in which the peace officer’s actions are based in whole or in part on the real or perceived race, ethnicity, religious beliefs, gender, English language proficiency, status as a person with a disability, or a person’s national origin rather than upon specific and articulable facts, which, taken together with rational inferences from those facts, reasonably indicate criminal activity. “Discriminatory policing” does not include investigations of alleged crimes when law enforcement must seek out suspects who match a specifically delineated description;

(4) “Hit rate”, the rate of searches in which contraband is found. The hit rate is calculated by dividing the number of searches that yield contraband by the total number of searches. Hit rate may be calculated for individual officers, agencies, or multiple agencies;

(5) “Investigative stop”, any stop by a peace officer of a motor vehicle involving at least in part an investigation of a criminal violation other than a motor vehicle violation. Investigative stops can involve calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer’s observations, stops made at a sobriety checkpoint or other road block, or other investigatory stops;

(6) “Minority group”, individuals of African, Hispanic, Native American, or Asian descent;

(7) “Ratio of disparity”, the ratio of the rate of stops or other peace officer activities for a non-white group as compared to the rate for the white group. The ratio of disparity for the white group shall be the white group rate compared to the rate for non-white groups;

(8) “Significant disparity”, a ratio of disparity that is over one hundred twenty-five percent of the overall state disparity for any minority group for that category of officer activity after controlling for factors other than discrimination that are contributing to the disparity;

(9) “Significant disproportion”, a ratio of disparity that is over one hundred twenty-five percent of the overall state ratio of disparity for any minority group for that category of peace officer activity.

2. Each time a peace officer stops a driver of a motor vehicle, that officer shall report **at least** the following information to the law enforcement agency that employs the officer:

(1) The age, gender and race or minority group of the individual stopped;

(2) **Whether the driver resides in the jurisdiction of the stop;**

(3) The reasons for the stop. **Reasons for an investigative stop include, but are not limited to, calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer's observations, and stops made at a sobriety checkpoint or other road block;**

[(3)] (4) Whether a search was conducted as a result of the stop;

[(4)] (5) If a search was conducted, whether the individual consented to the search, **how the individual's consent was documented**, the probable cause for the search, whether the person was searched, whether the person's property was searched, and the duration of the search;

[(5)] (6) Whether any contraband was discovered in the course of the search and the type of any contraband discovered;

[(6)] (7) Whether any warning or citation was issued as a result of the stop;

[(7)] (8) If a warning or citation was issued, the violation charged or warning provided;

[(8)] (9) Whether an arrest was made as a result of either the stop or the search;

[(9)] (10) If an arrest was made, the crime charged; and

[(10)] (11) The location of the stop.

Such information may be reported using a format determined by the department of public safety which uses existing citation and report forms.

3. (1) Each law enforcement agency shall compile the data described in subsection 2 of this section for the calendar year into a report to the attorney general.

(2) Each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.

(3) The attorney general shall determine the format that all law enforcement agencies shall use to submit the report. **The attorney general may allow the department of public safety to extract the data from other reports filed by law enforcement agencies.**

4. (1) The attorney general shall analyze the annual reports of law enforcement agencies required by this section and submit a report of the findings to the governor, the general assembly and each law enforcement agency no later than June first of each year.

(2) **The report shall identify situations in which data submitted by agencies indicate that racial and ethnic groups are disproportionately affected by law enforcement activity so that further analysis may be conducted to determine whether peace officers are engaging in discriminatory policing;**

(3) **The report shall provide group ratios of disparity for all categories of stops, post-stop activities, searches, and contraband found using appropriate benchmarks as defined in subsection 1 of this section;**

(4) The report of the attorney general shall include at least the following information for each agency

**and for the state overall:**

- (a) The total number of vehicles stopped by peace officers during the previous calendar year;
- (b) The number and percentage of stopped motor vehicles that were driven by members of each particular minority group;

[(2)] **(b)** Provides for [periodic] **annual** reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:

[(a)] **a.** Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and

[(b)] **b.** If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency [routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; and] **engaged in discriminatory policing;**

**c. Include a review of complaints received by the law enforcement agency and a breakdown of which complaints were verified, found to be unfounded, remain active, and what steps were taken to address verified complaints. The review of complaints shall indicate the number of complaints alleging discriminatory policing that a law enforcement agency received; and**

**d. The results of the review shall be made public, however, no personnel information prohibited by law shall be disclosed; and**

[(3)] **(c)** Provides for appropriate **discipline, up to and including dismissal**, counseling, and training of any peace officer found to have engaged in [race-based traffic stops] **discriminatory policing** within ninety days of the review.

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, **cultural competency**, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

**(2) Each policy shall be in writing and accessible by the public. The attorney general shall certify that the discriminatory policing policy of each agency is substantially equivalent to the requirements of this subsection.**

**(3) Each policy shall put in place procedures to eliminate discriminatory policing.**

**7. If a law enforcement agency fails to comply with the provisions of this section, the governor may withhold any state funds appropriated to the noncompliant law enforcement agency.**

**[7.] 8. Each law enforcement agency in this state may utilize federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone or to purchase body cameras.**

**[8. A peace officer who stops a driver of a motor vehicle pursuant to a lawfully conducted sobriety check point or road block shall be exempt from the reporting requirements of subsection 2 of this section.]"; and**

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be

within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined

in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

167.117. 1. [In any instance when any person is believed to have committed an act which if committed by an adult would be assault in the first, second or third degree, sexual assault, or deviate sexual assault against a pupil or school employee, while on school property, including a school bus in service on behalf of the district, or while involved in school activities, the principal shall immediately report such incident to the appropriate local law enforcement agency and to the superintendent, except in any instance when any person is believed to have committed an act which if committed by an adult would be assault in the third degree and a written agreement as to the procedure for the reporting of such incidents of third degree assault has been executed between the superintendent of the school district and the appropriate local law enforcement agency, the principal shall report such incident to the appropriate local law enforcement agency in accordance with such agreement.] **For purposes of this section, "on school premises" means on any school property including, but not limited to, a school playground or school parking lot; on any school bus in service on behalf of the school district; or while involved in school activities regardless of whether the activity is on or off school property.**

(d) Any announced fee for a specified service where that fee does not include the charges for necessary

(18) Accepting, tendering or paying “rebates” to or “splitting fees” with any other person; provided, however, that nothing herein shall be so construed as to make it unlawful for a dentist practicing in a partnership or as a corporation organized pursuant to the provisions of chapter 356 to distribute profits in accordance with his or her stated agreement;

In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the dentist or

specialist or hygienist to submit to a reexamination for the purpose of establishing his or her competency to practice as a dentist, specialist or hygienist, which reexamination shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the dentist's, specialist's or hygienist's professional competence by at least three dentists or fellow specialists, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the dentist, specialist or hygienist compelled to take examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or registered mail. Failure of the dentist, specialist or hygienist to submit to the examination when directed shall constitute an admission of the allegations against him or her, unless the failure was due to circumstances beyond his or her control. A dentist, specialist or hygienist whose right to practice has been affected pursuant to this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding pursuant to this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a dentist, specialist or hygienist in any other proceeding. Proceedings pursuant to this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his or her application for a license; permanently withholding issuance of a license; administering a public or private reprimand; placing on probation, suspending or limiting or restricting his or her license to practice as a dentist, specialist or hygienist for a period of not more than five years; revoking his or her license to practice as a dentist, specialist or hygienist; requiring him or her to submit to the care, counseling or treatment of physicians designated by the dentist, specialist or hygienist compelled to be treated; or requiring such person to submit to identification, intervention, treatment or rehabilitation by the well-being committee as provided in section 332.327. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person or firm named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) Suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate, or permit. In any order of revocation, the board may provide that the person shall not apply for licensure for a period of not less than one year following the date of the order of revocation; or

(4) Cause the person or firm named in the complaint to make restitution to any patient, or any insurer or third-party payer who shall have paid in whole or in part a claim or payment for which they should be reimbursed, where restitution would be an appropriate remedy, including the reasonable cost of follow-up care to correct or complete a procedure performed or one that was to be performed by the person or firm named in the complaint; or

(5) Request the attorney general to bring an action in the circuit court of competent jurisdiction to recover a civil penalty on behalf of the state in an amount to be assessed by the court.

4. If the board concludes that a dentist or dental hygienist has committed an act or is engaging in a course of conduct that would be grounds for disciplinary action and constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the conduct that gives rise to the danger and the nature of the proposed restriction or suspension of the dentist's or dental hygienist's license. Within fifteen days after service of the complaint on the dentist or dental hygienist, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged conduct of the dentist or dental hygienist appears to constitute a clear and present danger to the public health and safety that justifies that the dentist's or dental hygienist's license be immediately restricted or suspended. The burden of proving that a dentist or dental hygienist is a clear and present danger to the public health and safety shall be upon the Missouri dental board. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend a dentist's or dental hygienist's license, the dentist or dental hygienist named in the complaint may request a full hearing before the administrative hearing commission. A request for a full hearing shall be made within thirty days after the administrative hearing commission issues a decision. The administrative hearing commission shall, if requested by a dentist or dental hygienist named in the complaint, set a date to hold a full hearing under chapter 621 regarding the activities alleged in the initial complaint filed by the board. The administrative hearing commission shall set the date for full hearing within ninety days from the date its decision was issued. Either party may request continuances, which shall be granted by the administrative hearing commission upon a showing of good cause by either party or consent of both parties. If a request for a full hearing is not made within thirty days, the authority to impose discipline becomes final and the board shall set the matter for hearing in accordance with section 621.110.

6. If the administrative hearing commission dismisses without prejudice the complaint filed by the board under subsection 4 of this section or dismisses the action based on a finding that the board did not meet its burden of proof establishing a clear and present danger, such dismissal shall not bar the board from initiating a subsequent action on the same grounds in accordance with this chapter and chapters 536 and 621.

7. Notwithstanding any other provisions of section 332.071 or of this section, a currently licensed dentist in Missouri may enter into an agreement with individuals and organizations to provide dental health care, provided such agreement does not permit or compel practices that violate any provision of this chapter.

8. At all proceedings for the enforcement of these or any other provisions of this chapter the board shall, as it deems necessary, select, in its discretion, either the attorney general or one of the attorney general's assistants designated by the attorney general or other legal counsel to appear and represent the board at each stage of such proceeding or trial until its conclusion.

9. If at any time when any discipline has been imposed pursuant to this section or pursuant to any provision of this chapter, the licensee removes himself or herself from the state of Missouri, ceases to be currently licensed pursuant to the provisions of this chapter, or fails to keep the Missouri dental board advised of his or her current place of business and residence, the time of his or her absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so

imposed.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. **An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patient's receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.**

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical

access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.**

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating

physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.”; and

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician **or collaborating physician** for more than [three] **six** full-time equivalent licensed physician assistants, **full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.**

3. "Relevant professional education and training" for health service provider certification, except those entitled to certification pursuant to subsection 5 or 6 of this section, shall be defined as a licensed psychologist whose graduate psychology degree from a recognized educational institution is in an area designated by the American Psychological Association as pertaining to health service delivery or a psychologist who subsequent to receipt of his or her graduate degree in psychology has either completed a respecialization program from a recognized educational institution in one or more of the American Psychological Association recognized clinical health service provider areas and who in addition has completed at least one year of postdegree supervised experience in such clinical area or a psychologist who

The degree or respecialization program certificate shall be obtained from a recognized program of graduate study in one or more of the health service delivery areas designated by the American Psychological Association as pertaining to health service delivery, which shall meet one of the criteria established by subdivisions (1) to (3) of this subsection:

(1) A doctoral degree or completion of a recognized respecialization program in one or more of the American Psychological Association designated health service provider delivery areas which is accredited, or provisionally accredited, **either** by the American Psychological Association **or the Psychological Clinical Science Accreditation System**; or

(2) A clinical or counseling psychology doctoral degree program or respecialization program designated, or provisionally approved, by the Association of State and Provincial Psychology Boards or the Council for the National Register of Health Service Providers in Psychology, or both; or

(3) A doctoral degree or completion of a respecialization program in one or more of the American Psychological Association designated health service provider delivery areas that meets the following criteria:

(a) The program, wherever it may be administratively housed, shall be clearly identified and labeled as being in one or more of the American Psychological Association designated health service provider delivery areas;

(b) Such a program shall specify in pertinent institutional catalogues and brochures its intent to educate and train professional psychologists in one or more of the American Psychological Association designated health service provider delivery areas.

5. A person who is lawfully licensed as a psychologist pursuant to the provisions of this chapter on August 28, 1989, or who has been approved to sit for examination prior to August 28, 1989, and who subsequently passes the examination shall be deemed to have met all requirements for health service provider certification; provided, however, that such person shall be governed by the provisions of subsection 1 of this section with respect to limitation of practice.

6. Any person who is lawfully licensed as a psychologist in this state and who meets one or more of the following criteria shall automatically, upon payment of the requisite fee, be entitled to receive a health service provider certification from the committee:

(1) Is a diplomate of the American Board of Professional Psychology in one or more of the specialties recognized by the American Board of Professional Psychology as pertaining to health service delivery; or

rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

3. 6. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the

child are not the alleged perpetrators, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

- (2) The alleged perpetrator will be alerted regarding the attempted visit; or
- (3) The family has a history of domestic violence or fleeing the community.

If the alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall provide written material to the alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to or investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, "child care facility" shall have the same meaning as such term is defined in section 210.201.

[7.] **9.** The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

[8.] **10.** The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

[9.] **11.** When a report has been made by a person required to report under section 210.115, the division

shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

[10.] **12.** Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

[11.] **13.** Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

[12.] **14.** For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

[13.] **15.** If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

[14.] **16.** If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of

services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

[15.] **17.** (1) Within forty-five days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within forty-five days, unless good cause for the failure to complete the investigation is specifically documented in the information system. Good cause for failure to complete an investigation shall include, but not be limited to:

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;

(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or

(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If a child fatality or near-fatality is involved in a report of abuse or neglect, the investigation shall remain open until the division's investigation surrounding such death or near-fatal injury is completed.

(3) If the investigation is not completed within forty-five days, the information system shall be updated at regular intervals and upon the completion of the investigation, which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

[16.] **18.** A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the reporter within five days of the outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's

protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

[17.] **19.** The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

[18.] **20.** In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

[19.] **21. Nothing in this chapter shall be construed to prohibit the children's division from coinvestigating a report of child abuse or neglect or sharing records and information with child welfare, law enforcement, or judicial officers of another state, territory, or nation if the children's division determines it is appropriate to do so under the standard set forth in subsection 4 of section 210.150 and if such receiving agency is exercising its authority under the law.**

**22.** In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

[20.] **23.** The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.

[21.] **24.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

210.152. 1. All [identifying] information, including telephone reports reported pursuant to section 210.145, relating to reports of abuse or neglect received by the division shall be retained by the division [and] **or** removed from the records of the division as follows:

(1) For investigation reports contained in the central registry, [identifying] **the report and all** information shall be retained by the division;

(2) (a) For investigation reports initiated against a person required to report pursuant to section 210.115,

where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment, or in retaliation for the filing of a report by a person required to report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(b) For investigation reports, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment, or in retaliation for the filing of a report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(c) For investigation reports initiated by a person required to report under section 210.115, where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for ~~[five]~~ **ten** years from the conclusion of the investigation. For all other investigation reports where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for ~~[two]~~ **five** years from the conclusion of the investigation. Such reports shall include any exculpatory evidence known by the division, including exculpatory evidence obtained after the closing of the case. At the end of such time period, the identifying information shall be removed from the records of the division and destroyed;

(d) For investigation reports where the identification of the specific perpetrator or perpetrators cannot be substantiated and the division has specific evidence to determine that a child was abused or neglected, the division shall retain the report and all ~~[identifying]~~ information but shall not place an unknown perpetrator on the central registry. The division shall retain all ~~[identifying]~~ information ~~[for the purpose of utilizing such information in subsequent investigations or family assessments of the same child, the child's family, or members of the child's household]~~. The division shall retain and disclose information and findings in the same manner as the division retains and discloses family assessments. If the division made a finding of abuse or neglect against an unknown perpetrator prior to August 28, 2017, the division shall remove the unknown perpetrator from the central registry but shall retain and utilize all ~~[identifying]~~ information as otherwise provided in this section;

(3) For reports where the division uses the family assessment and services approach, ~~[identifying]~~ information shall be retained by the division;

(4) For reports in which the division is unable to locate the child alleged to have been abused or neglected, ~~[identifying]~~ information shall be retained for ~~[ten]~~ **eighteen** years from the date of the report and then shall be removed from the records ~~[of]~~ **by** the division.

2. Within ninety days, or within one hundred twenty days in cases involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality, after receipt of a report of abuse or neglect that is investigated, the alleged perpetrator named in the report and the parents of the child named in the report, if the alleged perpetrator is not a parent, shall be notified in writing of any determination made by the division based on the investigation. The notice shall advise either:

(1) That the division has determined by a probable cause finding prior to August 28, 2004, or by a preponderance of the evidence after August 28, 2004, that abuse or neglect exists and that the division shall retain all ~~[identifying]~~ information regarding the abuse or neglect; that such information shall remain confidential and will not be released except to law enforcement agencies, prosecuting or circuit attorneys, or as provided in section 210.150; that the alleged perpetrator has sixty days from the date of receipt of the

notice to seek reversal of the division's determination through a review by the child abuse and neglect review board as provided in subsection 4 of this section;

(2) That the division has not made a probable cause finding or determined by a preponderance of the evidence that abuse or neglect exists; or

(3) The division has been unable to determine the identity of the perpetrator of the abuse or neglect. The notice shall also inform the child's parents and legal guardian that the division shall retain, utilize, and disclose all information and findings as provided in family assessment and services cases.

3. The children's division may reopen a case for review if new, specific, and credible evidence is obtained.

4. Any person named in an investigation as a perpetrator who is aggrieved by a determination of abuse or neglect by the division as provided in this section may seek an administrative review by the child abuse and neglect review board pursuant to the provisions of section 210.153. Such request for review shall be made within sixty days of notification of the division's decision under this section. In those cases where criminal charges arising out of facts of the investigation are pending, the request for review shall be made within sixty days from the court's final disposition or dismissal of the charges.

5. In any such action for administrative review, the child abuse and neglect review board shall sustain the division's determination if such determination was supported by evidence of probable cause prior to August 28, 2004, or is supported by a preponderance of the evidence after August 28, 2004, and is not against the weight of such evidence. The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

6. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days of notification of the decision of the child abuse and neglect review board decision. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

7. In any such action for administrative review, the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.”; and

Further amend said bill and page, Section 210.487, Line 9, by deleting the word “and” and inserting in lieu thereof the word “[and]”; and

Further amend said bill and section, Page 7, Line 59, by inserting after said section and line the following:

or may provide services or care to a child of the person requesting the information] **in which the child was placed.** The request for the release of such information shall be made to the division director or the director's designee, in writing, by the parent or legal guardian of the child and shall be accompanied [with] **by** a signed and notarized release form from the person who does or may provide care or services to the child. The notarized release form shall include the full name, date of birth and Social Security number of the person who does or may provide care or services to a child. The response shall include only information pertaining to the nature and disposition of any denial, suspension, or revocation of a license to operate a foster home. This response shall not include any identifying information regarding any person other than the person to whom a foster home license was denied, suspended, or revoked. **The response shall not include financial, medical, or other personal information relating to the foster home provider or the foster home provider's family unless the division determines that the information is directly relevant to the disposition of the investigation and report.** The response shall be given within ten working days of the time it was received by the division.

**2. The division may disclose or utilize information and records relating to foster homes in its discretion and as needed for the administration of the foster care program including, but not limited to, the licensure of foster homes and for the protection, care, and safety of children who are or who may be placed in foster care.**

**3. Upon written request, the director of the department of social services shall authorize the disclosure of information and findings pertaining to foster homes in cases of child fatalities or near-fatalities to courts, juvenile officers, law enforcement agencies, and prosecuting and circuit attorneys that have a need for the information to conduct their duties under law. **210.1030. 1. There is hereby created the "Trauma-Informed Care for Children and Families Task Force". 4. The staff of senate research, house research, and the joint committee on legislative research shall provide such legal, research, clerical, technical, and bill drafting services as the task force may require in the performance of its duties.

5. The task force, its members, and any staff assigned to the task force shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the task force or any subcommittee thereof.

6. The task force shall meet within two months of the effective date of this section.

7. The task force shall report a summary of its activities and any recommendations for legislation to the general assembly and to the joint committee on child abuse and neglect under section 21.771 by January 1, 2019.

8. The task force shall terminate on January 1, 2019.

211.093. 1. Any order or judgment entered by the court under authority of this chapter or chapter 210 shall, so long as [such order or judgment remains in effect] **the juvenile court exercises continuing jurisdiction**, take precedence over any order or judgment concerning the status or custody of a child under [age] twenty-one years of age entered by a court under authority of chapter 452, 453, 454 or 455, **or orders of guardianship under chapter 475**, but only to the extent inconsistent therewith.

2. In addition to all other powers conveyed upon the court by this chapter and chapter 210, any court exercising jurisdiction over a child under subdivision (1) of subsection 1 of section 211.031 shall have authority to enter an order regarding custody of the child under chapter 452, enter a child

support order computed under the guidelines set forth in section 452.340, and establish rights of visitation for the parents of the child. In every case in which the juvenile or family court exercises authority over a child under subdivision (1) or (2) of subsection 1 of section 211.031, the court shall have concurrent authority and jurisdiction with the circuit court to enter a final order and judgment establishing the paternity of the child under the uniform parentage act under sections 210.817 to 210.852, unless the child has a legal father already established under sections 210.817 to 210.852 by affidavit or court order.

3. Any custody, support, or visitation order entered by the court under subsection 2 of this section shall remain in full force and effect after the termination of juvenile court proceedings unless the court's order specifically states otherwise. Any custody, child support, or visitation order shall take precedence over and shall automatically stay any prior orders concerning custody, child support, guardianship, or visitation for the child under the juvenile court's jurisdiction. Orders entered under subsection 2 of this section shall remain in full force and effect until a subsequent order with respect to custody, child support, guardianship, or visitation of the child is entered by a court under the authority of this chapter or chapter 210, 452, 453, 454, or 455, or orders of guardianship under chapter 475. Any final judgment and order establishing paternity under this section shall be a final and binding judgment of the circuit court as in other civil judgments entered under the uniform parentage act under sections 210.817 to 210.852, and the court may enter the final paternity judgment and order under a different, nonjuvenile case number.

4. If the juvenile court terminates jurisdiction without entering a continuing custody, support, or visitation order under subsections 2 and 3 of this section, legal and physical custody of the child shall be returned to the custodian, parent, or legal guardian who exercised custody prior to the juvenile court assuming jurisdiction under subdivision (1) of subsection 1 of section 211.031, and any custody or visitation orders in effect at the time the juvenile court assumed jurisdiction shall be restored.

5. The juvenile court shall not have the authority to hear modification motions or other actions to rehear any orders entered under this section after the juvenile court terminates jurisdiction on the underlying case. A circuit court in the same county as the juvenile court shall have jurisdiction to hear any motions for rehearing or modifications of any orders entered under this section after the juvenile court terminates jurisdiction. Any future actions shall be conducted under sections 210.817 to 210.852, this chapter, or chapter 452, 453, 454, 455, or 475, as appropriate.

6. On entry of a child support order, the circuit clerk shall follow the procedures set forth in section 454.412 and upon request send a certified copy of the order to the family support division.

211.444. [1.] The juvenile court may, upon petition of the juvenile officer or a child-placing agency licensed under sections 210.481 to 210.536 in conjunction with a placement with such agency under subsection 6 of section 453.010, or [the court before which] **a private attorney filing** a petition for adoption [has been filed pursuant to] **under** the provisions of chapter 453, terminate the rights of a parent **or receive the consent to adoption or waiver of consent to adoption executed by a parent or a named father** to a child, **including a child who is a ward of the court**, if the court finds that such termination **or consent to adoption or waiver of consent to adoption** is in the best interests of the child and the parent has, **in a properly executed writing under section 453.030 or 453.050**, consented [in writing] to the termination of his or her parental rights **or consented to an adoption or waived consent to adoption**.

[2. The written consent required by subsection 1 of this section may be executed before or after the

institution of the proceedings and shall be acknowledged before a notary public. In lieu of such acknowledgment, the signature of the person giving the written consent shall be witnessed by at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective parents. The notary public or witnesses shall verify the identity of the party signing the consent.

3. The written consent required by subsection 1 of this section shall be valid and effective only after the child is at least forty-eight hours old and if it complies with the other requirements of section 453.030.]

211.447. 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it appears that the information could justify the filing of a petition, the juvenile officer may take further action, including filing a petition. If it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent; or

**(4) The parent has been found guilty of or pled guilty to a felony violation of chapters 566 or 573 when the child or any child in the family was a victim, or a violation of sections 568.020 or 568.065**

**when the child or any child in the family was a victim. As used in this subdivision, a “child” means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent.**

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a “child” means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that

the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development.

Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) [The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5)] The child was conceived and born as a result of an act of forcible rape or rape in the first degree. When the biological father has pled guilty to, or is convicted of, the forcible rape or rape in the first degree of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

[(6)] (5) (a) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse including, but not limited to, specific conditions directly relating to the parent and child relationship which are determined by the court to be of a duration or nature that renders the parent unable for the reasonably foreseeable future to care appropriately for the ongoing physical, mental, or emotional needs of the child.

(b) It is presumed that a parent is unfit to be a party to the parent and child relationship upon a showing

that:

a. Within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivision (1), (2), **or** (3)[, or (4)] of this subsection or similar laws of other states;

b. If the parent is the birth mother and within eight hours after the child's birth, the child's birth mother tested positive and over .08 blood alcohol content pursuant to testing under section 577.020 for alcohol, or tested positive for cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

c. If the parent is the birth mother and at the time of the child's birth or within eight hours after a child's birth the child tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case; or

d. Within a three-year period immediately prior to the termination adjudication, the parent has pled guilty to or has been convicted of a felony involving the possession, distribution, or manufacture of cocaine, heroin, or methamphetamine, and the parent is the biological parent of at least one other child who was adjudicated an abused or neglected minor by such parent or such parent has previously failed to complete recommended treatment services by the children's division through a family-centered services case.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), **or** (3) [or (4)] of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child.

431.056. 1. A minor shall be qualified and competent to contract for housing, employment, purchase of an automobile, receipt of a student loan, admission to high school or postsecondary school, obtaining medical care, establishing a bank account, admission to a shelter for victims of domestic violence, as [defined in section] **that phrase is used in sections 455.200 to 455.220, a rape crisis center, as defined in section 455.003,** or a homeless shelter, and receipt of services as a victim of domestic violence or sexual [abuse] **assault, as such terms are defined in section 455.010,** including but not limited to counseling, court advocacy, financial assistance, and other advocacy services, if:

(1) The minor is sixteen or seventeen years of age; and

(2) The minor is homeless, as defined in subsection 1 of section 167.020, or a victim of domestic violence, as defined in section [455.200] **455.010,** unless the child is under the supervision of the children's division or the jurisdiction of the juvenile court; and

(3) The minor is self-supporting, such that the minor is without the physical or financial support of a parent or legal guardian; and

(4) The minor's parent or legal guardian has consented to the minor living independent of the parents' or guardians' control. Consent may be expressed or implied, such that:

(a) Expressed consent is any verbal or written statement made by the parents or guardian of the minor displaying approval or agreement that the minor may live independently of the parent's or guardian's control;

(b) Implied consent is any action made by the parent or guardian of the minor that indicates the parent or guardian is unwilling or unable to adequately care for the minor. Such actions may include, but are not limited to:

a. Barring the minor from the home or otherwise indicating that the minor is not welcome to stay;

b. Refusing to provide any or all financial support for the minor; or

c. Abusing or neglecting the minor, as defined in section 210.110 or committing an act or acts of domestic violence against the minor, as defined in section 455.010.

2. A minor who is sixteen years of age or older and who is in the legal custody of the children's division pursuant to an order of a court of competent jurisdiction shall be qualified and competent to contract for the purchase of automobile insurance with the consent of the children's division or the juvenile court. The minor shall be responsible for paying the costs of the insurance premiums and shall be liable for damages caused by his or her negligent operation of a motor vehicle. No state department, foster parent, or entity providing case management of children on behalf of a department shall be responsible for paying any insurance premiums nor liable for any damages of any kind as a result of the operation of a motor vehicle by the minor.

**3. A minor who is sixteen years of age or older and who is in the legal custody of the children's division pursuant to an order of a court of competent jurisdiction shall be qualified and competent to contract for the opening of a checking or savings bank account with the consent of the children's division or the juvenile court. The minor shall be responsible for paying all banking related costs associated with the checking or savings account and shall be liable for any and all penalties should he or she violate a banking agreement. No state department, foster parent, or entity providing case management of children on behalf of a department shall be responsible for paying any bank fees nor liable for any and all penalties related to violation of a banking agreement.**

453.015. As used in sections 453.010 to 453.400, the following terms mean:

(1) "Minor" or "child", any person who has not attained the age of eighteen years or any person in the custody of the children's division who has not attained the age of twenty-one;

(2) "Parent", a birth parent or parents of a child, including the putative father of the child, as well as the husband of a birth mother at the time the child was conceived, or a parent or parents of a child by adoption. The putative father shall have no legal relationship unless he has acknowledged the child as his own by affirmatively asserting his paternity;

**(3) "Post adoption contact agreement", a voluntary written agreement executed by one or both of a child's birth parents and each adoptive parent describing future contact between the parties to the agreement and the child; provided, that such agreement shall be approved by the court under subsection 4 of section 453.080;**

**(4) "Putative father", the alleged or presumed father of a child including a person who has filed a notice of intent to claim paternity with the putative father registry established in section 192.016 and a person who has filed a voluntary acknowledgment of paternity pursuant to section 193.087;**

**[(4)] (5) "Stepparent", the spouse of a biological or adoptive parent. The term does not include the state if the child is a ward of the state. The term does not include a person whose parental rights have been terminated.**

453.030. 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient

mental capacity to give the same. In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; [and]

(2) [Only the] **Any** man who:

(a) Is presumed to be the father pursuant to [the] subdivision (1), (2), or (3) of subsection 1 of section 210.822; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child and has served a copy of the petition on the mother in accordance with section 506.100; or

(c) Filed with the putative father registry pursuant to section 192.016 a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; [or] **and**

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after **the birth of the child or before or after** the commencement of the adoption proceedings, and shall be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting birth parent of the consequences of the consent. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding **other than the attorney representing the party signing the consent**. The notary public or witnesses shall verify the identity of the party signing the consent. **Notwithstanding any other provision of law to the contrary, a properly executed written consent under this subsection shall be considered irrevocable.**

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth [parent] **mother** shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting party of the consequences of the consent. In lieu of [such] acknowledgment **before a notary public**, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents

or any attorney representing a party to the adoption proceeding **other than the attorney representing the party signing the consent**. The notary public or witnesses shall verify the identity of the party signing the consent.

6. A consent is final when executed, unless the consenting party, prior to a final decree of adoption, alleges and proves by clear and convincing evidence that the consent was not freely and voluntarily given. The burden of proving the consent was not freely and voluntarily given shall rest with the consenting party. Consents in all cases shall have been executed not more than six months prior to the date the petition for adoption is filed.

7. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 8 of this section, such written consent shall be deemed valid.

8. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

9. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

10. Where the person sought to be adopted is eighteen years of age or older, his or her written consent alone to his or her adoption shall be sufficient.

11. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

12. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 11 of this section to be paid by the prospective adoptive parents or the child-placing agency.

**13. The court shall receive and acknowledge a written consent to adoption properly executed by a birth parent under this section when such consent is in the best interests of the child.**

453.080. 1. The court shall conduct a hearing to determine whether the adoption shall be finalized. **Out-of-state adoptive petitioners may appear by their attorney or by video or telephone conference rather than in person.** During such hearing, the court shall ascertain whether:

(1) The person sought to be adopted, if a child, has been in the lawful and actual custody of the petitioner for a period of at least six months prior to entry of the adoption decree; except that the six-month period may be waived if the person sought to be adopted is a child who is under the prior and continuing jurisdiction of a court pursuant to chapter 211 and the person desiring to adopt the child is the child's current foster parent. Lawful and actual custody shall include a transfer of custody pursuant to the laws of this state, another state, a territory of the United States, or another country;

(2) The court has received and reviewed a postplacement assessment on the monthly contacts with the adoptive family pursuant to section 453.077, except for good cause shown in the case of a child adopted from a foreign country;

(3) The court has received and reviewed an updated financial affidavit;

(4) The court has received the recommendations of the guardian ad litem and has received and reviewed the recommendations of the person placing the child, the person making the assessment and the person making the postplacement assessment;

(5) [There is compliance with the uniform child custody jurisdiction act, sections 452.440 to 452.550;

(6)] There is compliance with the Indian Child Welfare Act, if applicable;

[(7)] **(6)** There is compliance with the Interstate Compact on the Placement of Children pursuant to section 210.620; and

[(8)] **(7)** It is fit and proper that such adoption should be made.

2. If a petition for adoption has been filed pursuant to section 453.010 and a transfer of custody has occurred pursuant to section 453.110, the court may authorize the filing for finalization in another state if the adoptive parents are domiciled in that state.

3. If the court determines the adoption should be finalized, a decree shall be issued setting forth the facts and ordering that from the date of the decree the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. **Prospective adoptive parents and birth parents may enter into a written post adoption contact agreement to allow contact, communication, and the exchange of photographs after the adoption between the adoptive parents and the birth parents. The court shall not order any party to enter into a post adoption contact agreement. The agreement shall be filed with and approved by the court at or before the finalization of the adoption. The court shall approve an agreement only if the agreement is in the best interests of the child. The court may enforce or modify an agreement made under this subsection unless such enforcement or modification is not in the best interests of the child. The agreement shall include:**

**(1) An acknowledgment by the birth parents that the adoption is irrevocable, even if the adoptive parents do not abide by the post adoption contact agreement;**

**(2) An acknowledgment by the adoptive parents that the agreement grants the birth parents the right to seek to enforce the provisions of the post adoption contact agreement. Remedies for a breach of the agreement shall include specific performance of the terms of the agreement; provided, that nothing in the agreement shall preclude a party seeking to enforce the agreement from utilizing child welfare mediation before, or in addition to, the commencement of a civil action for specific enforcement;**

**(3) An acknowledgment that the post adoption contact agreement shall be filed with and approved by the court in order to be enforceable; and**

**(4) An acknowledgment that the birth parents' consent to the adoption was not conditioned on the post adoption contact agreement and that acceptance of the agreement is fully voluntary.**

Upon completion of an adoption, further contact among the parties shall be at the discretion of the adoptive parents **or in accordance with a post adoption contact agreement executed under this subsection.** The court shall not have jurisdiction to deny [continuing contact between the adopted person and the birth parent, or an adoptive parent and a birth parent. Additionally, the court shall not have jurisdiction to deny] an exchange of identifying information between an adoptive parent and a birth parent.

5. Before the completion of an adoption, the court shall make available to the birth parent or parents a contact preference form developed by the state registrar pursuant to section 193.128 and provided to the court by the department of health and senior services. If a birth parent chooses to complete the form, the clerk of the court shall send the form with the certificate of decree of adoption to the state registrar. Such form shall accompany the original birth certificate of the adopted person and may be updated by a birth parent at any time upon the request of the birth parent.

453.121. 1. As used in this section, unless the context clearly indicates otherwise, the following terms mean:

(1) "Adopted adult", any adopted person who is eighteen years of age or over;

(2) "Adopted child", any adopted person who is less than eighteen years of age;

(3) "Adult sibling", any brother or sister of the whole or half blood who is eighteen years of age or over;

(4) "Biological parent", the natural and biological mother or father of the adopted child;

(5) "Identifying information", information which includes the name, date of birth, place of birth and last known address of the biological parent;

(6) "Lineal descendant", a legal descendant of a person as defined in section 472.010;

(7) "Nonidentifying information", information concerning the physical description, nationality, religious background and medical history of the biological parent or sibling.

2. All papers, records, and information pertaining to an adoption whether part of any permanent record or file may be disclosed only in accordance with this section.

3. Nonidentifying information, if known, concerning undisclosed biological parents or siblings shall be furnished by the child-placing agency or the juvenile court to the adoptive parents, legal guardians, adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased, upon written request therefor.

4. An adopted adult, or the adopted adult's lineal descendants if the adopted adult is deceased, may make a written request to the circuit court having original jurisdiction of such adoption to secure and disclose information identifying the adopted adult's biological parents. If the biological parents have consented to the release of identifying information under subsection 8 of this section, the court shall disclose such identifying information to the adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased. If the biological parents have not consented to the release of identifying information under subsection 8 of this section, the court shall, within ten days of receipt of the request, notify in writing the child-placing agency or juvenile court personnel having access to the information requested of the request by the adopted adult or the adopted adult's lineal descendants.

5. Within three months after receiving notice of the request of the adopted adult, or the adopted adult's lineal descendants, the child-placing agency or the juvenile court personnel shall make reasonable efforts to notify the biological parents of the request of the adopted adult or the adopted adult's lineal descendants. The child-placing agency or juvenile court personnel may charge actual costs to the adopted adult or the adopted adult's lineal descendants for the cost of making such search. All communications under this subsection are confidential. For purposes of this subsection, "notify" means a personal and confidential contact with the biological parent of the adopted adult, which initial contact shall be made by an employee of the child-placing agency which processed the adoption, juvenile court personnel or some other licensed child-placing agency designated by the child-placing agency or juvenile court. Nothing in this section shall be construed to permit the disclosure of communications privileged pursuant to section 491.060. At the end of three months, the child-placing agency or juvenile court personnel shall file a report with the court stating that each biological parent that was located was given the following information:

- (1) The nature of the identifying information to which the agency has access;
- (2) The nature of any nonidentifying information requested;
- (3) The date of the request of the adopted adult or the adopted adult's lineal descendants;
- (4) The right of the biological parent to file an affidavit with the court stating that the identifying information should be disclosed;
- (5) The effect of a failure of the biological parent to file an affidavit stating that the identifying information should be disclosed.

6. If the child-placing agency or juvenile court personnel reports to the court that it has been unable to notify the biological parent within three months, the identifying information shall not be disclosed to the adopted adult or the adopted adult's lineal descendants. Additional requests for the same or substantially the same information may not be made to the court within one year from the end of the three-month period during which the attempted notification was made, unless good cause is shown and leave of court is granted.

7. If, within three months, the child-placing agency or juvenile court personnel reports to the court that it has notified the biological parent pursuant to subsection 5 of this section, the court shall receive the identifying information from the child-placing agency. If an affidavit duly executed by a biological parent authorizing the release of information is filed with the court or if a biological parent is found to be deceased, the court shall disclose the identifying information as to that biological parent to the adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased, provided that the other biological parent either:

(1) Is unknown;

(2) Is known but cannot be found and notified pursuant to [section 5 of this act] **subsection 5 of this section;**

(3) Is deceased; or

(4) Has filed with the court an affidavit authorizing release of identifying information.

If the biological parent fails or refuses to file an affidavit with the court authorizing the release of identifying information, then the identifying information shall not be released to the adopted adult. No additional request for the same or substantially the same information may be made within three years of the time the biological parent fails or refuses to file an affidavit authorizing the release of identifying information.

8. Any adopted adult whose adoption was finalized in this state or whose biological parents had their parental rights terminated in this state may request the court to secure and disclose identifying information concerning an adult sibling. Identifying information pertaining exclusively to the adult sibling, whether part of the permanent record of a file in the court or in an agency, shall be released only upon consent of that adult sibling.

9. The central office of the children's division within the department of social services shall maintain a registry by which biological parents, adult siblings, and adoptive adults may indicate their desire to be contacted by each other. The division may request such identification for the registry as a party may possess to assure positive identifications. At the time of registry, a biological parent or adult sibling may consent in writing to the release of identifying information to an adopted adult. If such a consent has not been executed and the division believes that a match has occurred on the registry between biological parents or adult siblings and an adopted adult, an employee of the division shall make the confidential contact provided in subsection 5 of this section with the biological parents or adult siblings and with the adopted adult. If the division believes that a match has occurred on the registry between one biological parent or adult sibling and an adopted adult, an employee of the division shall make the confidential contact provided by subsection 5 of this section with the biological parent or adult sibling. The division shall then attempt to make such confidential contact with the other biological parent, and shall proceed thereafter to make such confidential contact with the adopted adult only if the division determines that the other biological parent meets one of the conditions specified in subsection 7 of this section. The biological parent, adult sibling, or adopted adult may refuse to go forward with any further contact between the parties when contacted by the division.

10. The provisions of this section, except as provided in subsection 5 of this section governing the release of identifying and nonidentifying adoptive information apply to adoptions completed before and after August 13, 1986.

**11. All papers, records, and information known to or in the possession of an adoptive parent or adoptive child that pertain to an adoption, regardless of whether part of any permanent record or file, may be disclosed by the adoptive parent or adoptive child. The provisions of this subsection shall not be construed to create a right to have access to information not otherwise allowed under this section.**

556.036. 1. A prosecution for murder, rape in the first degree, forcible rape, attempted rape in the first degree, attempted forcible rape, sodomy in the first degree, forcible sodomy, attempted sodomy in the first

degree, attempted forcible sodomy, or any class A felony may be commenced at any time.

2. Except as otherwise provided in this section, prosecutions for other offenses must be commenced within the following periods of limitation:

(1) For any felony, three years, except as provided in subdivision (4) of this subsection;

(2) For any misdemeanor, one year;

(3) For any infraction, six months;

(4) For any violation of section 569.040, when classified as a class B felony, or any violation of section 569.050 or 569.055, five years.

3. If the period prescribed in subsection 2 of this section has expired, a prosecution may nevertheless be commenced for:

(1) Any offense a material element of which is either fraud or a breach of fiduciary obligation within one year after discovery of the offense by an aggrieved party or by a person who has a legal duty to represent an aggrieved party and who is himself or herself not a party to the offense, but in no case shall this provision extend the period of limitation by more than three years. #### HOUSE AMENDMENT NO. 2

Amend Senate Bill No. 819, Page 6, Section 210.112, Line 160, by inserting immediately after said section and line the following:

“210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, **volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604**, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term “abuse” is not limited to abuse inflicted by a person responsible for the child’s care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge

of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.”;

and

Further amend said bill, Page 7, Section 210.487, Line 59, by inserting immediately after said section and line the following:

**“475.600. Sections 475.600, 475.602, and 475.604 shall be known and may be cited as the “Supporting and Strengthening Families Act”.**

**475.602. 1. A parent or legal custodian of a child may, by a properly executed power of attorney as provided under section 475.604, delegate to an attorney-in-fact for a period not to exceed one year, except as provided under subsection 7 of this section, any of the powers regarding the care and custody of the child, except the power to consent to marriage or adoption of the child, the performance or inducement of an abortion on or for the child, or the termination of parental rights to the child. A delegation of powers under this section shall not be construed to change or modify any parental or legal rights, obligations, or authority established by an existing court order or deprive the parent or legal custodian of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of the child.**

**2. The parent or legal custodian of the child shall have the authority to revoke or withdraw the power of attorney authorized in subsection 1 of this section at any time. Except as provided in subsection 7 of this section, if the delegation of authority lasts longer than one year, the parent or legal custodian of the child shall execute a new power of attorney for each additional year that the delegation exists. If a parent withdraws or revokes the power of attorney, the child shall be returned to the custody of the parents as soon as reasonably possible.**

**3. Unless the authority is revoked or withdrawn by the parent or legal custodian, the attorney-in-fact shall exercise parental or legal authority on a continuous basis without compensation for the duration of the power of attorney authorized by subsection 1 of this section and shall not be subject to any statutes dealing with the licensing or regulation of foster care homes.**

**4. Except as otherwise provided by law, if a parent or legal custodian uses a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney, then the execution of a power of attorney by such parent or legal custodian as authorized in subsection 1 of this section shall not constitute abandonment as provided in sections 568.030 and 568.032, or abuse or neglect as provided in sections 210.110 and 568.060, unless the parent or legal guardian fails to take custody of the child or execute a new power of attorney after the one-year time limit has elapsed. It shall be a violation of section 453.110 for any parent or legal custodian to execute a power of attorney with the intention of permanently avoiding or divesting himself or herself of parental or legal responsibility for the care of the child.**

**5. Under a delegation of powers as authorized by subsection 1 of this section, the child or children subject to the power of attorney shall not be considered placed in foster care as otherwise defined in law and the parties shall not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to community care for children.**

**6. If a parent or legal custodian uses a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney, then the community service program shall ensure that a**

background check is completed for the attorney-in-fact and any adult members of his or her household prior to the placement of the child. A community service program shall not place a child or children with an attorney-in-fact when he or she or any adult member of his or her household is found to be on the sex offender registry as established pursuant to sections 589.400 to 589.425, or the child abuse and neglect registry, as established pursuant to section 210.109, or has pled guilty or nolo contendere to or is found guilty of a felony offense under federal or state law. If a community service program has reasonable cause to suspect that a parent or legal custodian is executing a power of attorney under this section with the intention of permanently avoiding or divesting himself or herself of parental or legal responsibility for the care of the child, the community service program shall notify the Missouri children's division within the department of social services, and the division shall conduct an investigation of the parent or legal guardian to determine if there is a violation of section 453.110. A background check performed under this section shall include:

- (1) A national and state fingerprint-based criminal history check;
- (2) A sex offender registry, as established pursuant to sections 589.400 to 589.425, check; and
- (3) A child abuse and neglect registry, as established pursuant to section 210.109, check.

7. A parent or legal custodian who is a member of the Armed Forces of the United States including any reserve component thereof, the commissioned corps of the National Oceanic and Atmospheric Administration, the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the Armed Forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty may delegate the powers designated in subsection 1 of this section for a period longer than one year if on active duty service. The term of delegation shall not exceed the term of active duty service plus thirty days.

8. Nothing in this section shall conflict or set aside the preexisting residency requirements under section 167.020. An attorney-in-fact to whom powers are delegated under a power of attorney authorized by this section shall make arrangements to ensure that the child attends classes at an appropriate school. If enrollment is at a public school, attendance shall be based upon residency or waiver of such residency requirements by the school.

9. If enrolled at any school, as soon as reasonably possible upon execution of a power of attorney for the temporary care of a child as authorized under this section, the child's school shall be notified of the existence of the power of attorney and be provided a copy of the power of attorney as well as the contact information for the attorney-in-fact. While the power of attorney is in force, the school shall communicate with both the attorney-in-fact and any parent or legal custodian with parental or legal rights, obligations, or authority regarding the custody, visitation, or support of the child. The school shall also be notified of the expiration, termination, or revocation of the power of attorney as soon as reasonably possible following such expiration, termination, or revocation and shall no longer communicate with the attorney-in-fact regarding the child upon the receipt of such notice.

10. No delegation of powers under this section shall operate to modify a child's eligibility for benefits the child is receiving at the time of the execution of the power of attorney including, but not limited to, eligibility for free or reduced lunch, health care costs, or other social services, except as may be inconsistent with federal or state law governing the relevant program or benefit.

**475.604.** Any form for the delegation of powers authorized under section 475.602 shall be witnessed by a notary public and contain the following information:

(2) “Demonstration project”, a project selected by the social innovation grant team in response to the grant team’s request for proposals process;

(3) “Social innovation grant”, a grant awarded to a nonprofit organization with experience in the area of critical state concern to design a short-term demonstration project based on evidence and best practices that can be replicated to optimize state funding and services for populations and programs identified as areas of critical state concern.

2. Areas of critical state concern include, but are not limited to:

(1) Families in generational child welfare;

(2) Opioid-addicted pregnant women; and

(3) Children in residential treatment with behavioral issues where the children were not removed from the family due to abuse or neglect.

(2) Persons working in the nonprofit sector with practical field experience related to the critical state concern; and

(3) Academic leaders in research and study related to the critical state concern.

(1) Formulating a request for proposals for social innovation grants;

(2) Evaluating responsive proposals and selecting those bids for demonstration projects that provide the greatest opportunity for addressing the critical state concern in a cost-effective and replicable way; and

(3) Monitoring demonstration projects and evaluating them based on the objectives outlined in the request for proposals, the program’s outline, the project’s impact on the critical state concern, and the project’s ability to be replicated on a cost-effective basis.

6. Upon the conclusion of a demonstration project, the social innovation grant team shall compile all relevant data and submit a report to the general assembly:

**(1) Evaluating the project's effectiveness in impacting the critical state concern;**

**(2) Assessing, based on the actual experience of the project, the likely ease of statewide deployment in a methodology consistent with the execution of the project and identifying possible barriers to deployment;**

**(3) Analyzing the likely cost of statewide deployment; and**

**(4) Identifying funding strategies for statewide deployment, which may include scaling based on savings reinvestment or outside capital investments.**

This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.**

**10. Under section 23.253 of the Missouri sunset act:**

**(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly;**

**(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and**
